Govee Table Lamp 2 Pro x Sound by JBL

# Safety Instructions

## IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

### READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

- The lamp is not waterproof. Avoid exposing it to splashing or dripping water.
- Use this product under ambient temperatures.
- The lamp's internal light source cannot be replaced individually. If it breaks, the entire lamp must be replaced.
- The lamp and the power adapter are meant to be used together. Do not attempt to use either of them with other devices or adapters.
- Avoid using the lamp near heat sources.
- Avoid using the lamp near potentially dangerous sources (e.g., candles, liquid-filled objects, etc.).
- This lamp uses a lithium battery, and high-temperature protection may be triggered to stop battery charging. Please charge again after the lights are off and at a lower temperature.

**CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.**

**SAVE THESE INSTRUCTIONS**

## Introduction

Thanks for choosing Govee Table Lamp 2 with Speaker! This product features RGBIC, warm, and cool white lighting, as well as white noise and music via Bluetooth connection. In addition to the smart control of Govee Home App, it is also compatible with Alexa, Google Assistant, and Matter. The unique Pat-to-Wake feature should be set in the app. The power adapter and battery are used as a power supply. For a consistent user experience, use a power supply as much as possible.

# What You Get

| Item          | Quantity |
|---------------|----------|
| Table Lamp    | 1        |
| Power Adapter | 1        |
| User Manual   | 1        |

| 9  | Reset Hole      | Press the hole with a needle when the device is abnormally stuck.                                                                                                                                                                                                                                                                                               |
| 10 | Charging Port   | U.S. standard: DC port, please use the matching power adapter.                                                                                                                                                                                                                                                                                                  |

The Bedtime Switch feature allows the entire control touchpad to function as one big on button. This makes it easier when in the dark to tap anywhere on the top of the lamp and turn on light. This feature can be activated in the lamp's app settings.

## Disassembly Tip:

To more easily move or store this light source, the light source (1) can be cable can be disconnected from each other. disconnected from the adapter (2). Additionally, the adapter and power plug

# Pairing Your Device with the Govee Home APP

## What You Need

- A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.
- A smartphone or tablet running iOS 8.0 (or above) or Android 4.3 (or above).

## Pairing Instructions

1. Download Govee Home App from the App Store (iOS devices) or Google Play (Android devices).
2. Turn on your smartphone's Bluetooth.
3. Open the app, tap the "+" icon in the top right corner and search for "H6020".
4. Tap the device icon and follow the on-screen instructions to complete pairing.

# Matter Guide

## Cautions

1. You will need to complete the network connection of apps that support Matter (e.g. Google Home/Apple HomeKit, etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.
3. Changing the network may cause Matter to malfunction.
4. If the product cannot connect to the app, first restore the product to factory settings by short pressing the middle button on the control box 4 times while pressing and holding down the power button. After restoring, try connecting again.

## Step 1

Find the Matter QR code or device number on the product or on the “Device Settings” page in Govee Home App.

## Step 2

Turn on Bluetooth on your smartphone.

## Step 3

Download and open an app that supports Matter like Google Home, Apple HomeKit, etc.

## Step 4

Use the device number or QR code located on the product or in the app to complete the network connection for the product for Matter.

# Pairing with the Bluetooth Speaker

1. Turn on the Bluetooth on your smartphone.
2. Long press the “Play/Pause” button or enable Bluetooth pairing on the “Device Settings” page of Govee Home App. The device will flash blue and start to play the pairing sound.
3. Find Govee Table Lamp with Speaker in the list of Bluetooth devices on your phone and tap it. A green light will show if pairing is successful, otherwise, a red light. If the pairing fails, please try again.
4. You can check the Bluetooth speaker connection in the list of Bluetooth connections on your phone or in the Device Settings page in Govee Home App.  
Tips: You can turn the pairing sound and lighting effect on or off in Settings-Bluetooth Speaker.  
If you want to create a stereo sound, please set it via the App.

## Troubleshooting

1. Cannot connect to the Govee Home App.
  - Check if the Wall Sconce is powered on.
  - Check if Bluetooth on the smartphone is enabled, or try connecting to another smartphone.
  - When connecting for the first time, ensure the smartphone is near the Wall Sconce.
  - If the connection error still exists, please delete the connected Wall Sconce from the "Device" page on the app.
  - Reconnect to the Govee Home App by following the previously provided instructions.

## 2. Wi-Fi disconnected or failed to connect.

- Check if the Wall Sconce is powered on.
- Do not skip the Wi-Fi connection steps during the pairing process.
- Ensure your Wi-Fi router is 2.4GHz. 5GHz is not supported.
- Ensure you entered the correct Wi-Fi password during the Wi-Fi set up process.
- Try connecting the Wall Sconce with a smartphone hotspot to check if your home network is working properly.
- Shorten the distance between the Wall Sconce and the Wi-Fi router to less than 1m, and then reconnect.

## 3. Cannot connect to Alexa or Google Assistant.

- Ensure the Wi-Fi connection is stable and working properly.
- Go to "User Guide" on the app Settings page to pair the Wall Sconce again.

## 4. Can multiple users control the same wall sconce?

- Each Wall Sconce can only be controlled by one account.
- If multiple users want to manage the same Wall Sconce, ensure they all use the same account.

# FCC and ISED Canada Statement

This device complies with Part 15 of the FCC Rules and Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et.
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Avertissement : Tout changement ou modification n'ayant pas été expressément approuvé(e) par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'appareil.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

REMARQUE : cet équipement a été testé et déclaré conforme aux limites imposées aux appareils numériques de classe B, en vertu de la partie 15 des

règles de la FCC.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Ces limites sont conçues pour assurer une protection suffisante contre les interférences nuisibles dans les installations résidentielles. Cet équipement génère, utilise et peut dégager de l'énergie de radiofréquence et, s'il n'est pas installé et utilisé conformément aux instructions du fabricant, provoquer des interférences préjudiciables aux communications radio. Il n'existe toutefois aucune garantie qu'un équipement particulier ne souffrira pas d'interférences. Si cet équipement entraîne des interférences préjudiciables à la réception des émissions radio ou de télévision, identifiables en mettant l'appareil hors tension, puis sous tension, il est recommandé que

l'utilisateur tente de résoudre ce problème au moyen d'une ou plusieurs des mesures suivantes :

- en réorientant l'antenne réceptrice ou en la changeant de place ;
- en augmentant la distance séparant l'équipement du récepteur ;
- en connectant l'équipement à une prise sur un circuit différent de celui sur lequel le récepteur est branché ;
- en obtenant de l'aide auprès du revendeur ou d'un technicien radio/TV expérimenté.

This Class B digital apparatus complies with Canadian ICES-005.

Cet appareil numérique de la classe B est conforme à la norme NMB-005 du Canada.

# **FCC and IC Radiation Exposure Statement**

## **Déclaration de la FCC et de l'IC sur l'exposition aux radiations**

This equipment complies with FCC and IC radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements de la FCC et de l'IC définies pour un environnement non contrôlé.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
