ADAPTIL® Calm Delivers Calming Messages

Mother dogs communicate with their puppies through natural pheromone messages released in the air. These “comforting messages” provide a strong signal of security and comfort to dogs of all ages.

ADAPTIL® Calm mimics these natural dog appeasing pheromones and sends “calming messages” to help your dog feel calm and relaxed during stressful situations.

ADAPTIL® is the #1 Vet-Recommended line of effective solutions to comfort puppies and dogs during stressful situations.

🐾 For newly adopted puppies:

- ADAPTIL® Junior helps your puppy to learn and adapt to its forever home.

🐾 For adult dogs (>6 months):

- ADAPTIL® Calm Home Diffuser helps your dog feel calm and relaxed at home.

- ADAPTIL® Calm On-the-go Collar helps your dog feel calm and relaxed, even outdoors.

- ADAPTIL® Travel helps your dog feel calm and relaxed on the move.

With ADAPTIL®, your dog can feel calm and relaxed.

ADAPTIL® is safe:

- When used as recommended

- When used in combination with any other medications or treatments

- For all life stages from puppies to older dogs

ADAPTIL® is NOT a sedative or tranquilizer

ADAPTIL® is for dogs only. Only dogs can detect this pheromone. Cats and people are not affected.

Dog behavior is often very complex and there are many approaches to help modulate it.

In some cases, additional medical treatment and/or environmental modifications may be required and advice should be sought from your veterinarian or a qualified animal behaviorist. If there are signs of disease, consult your veterinarian.

The efficacy of ADAPTIL® has been proven in numerous clinical studies published in reputable scientific journals or presented at international conferences (under the D.A.P.® name until 2011).

🐾 ADAPTIL® Calm Home Diffuser plug-in & Refill 48 mL

Canine appeasing pheromone analog 2%

Isoparaffinic hydrocarbon 48 mL

Each 48 mL vial lasts up to 30 days and covers up to 700 sq feet.

Usage instructions:

Plug diffuser into the room where the dog spends the most time.

For best results, keep the diffuser plugged in 24/7 and use for at least 30 days.

Use only with properly functioning 120-volt electrical outlets.

DO NOT use with extension cords, adapters or converters.

ADAPTIL® Calm pheromones are spread throughout the room via a heated diffuser, which may be warm to the touch. The diffuser is protected from overheating by an internal safety device. Some people may perceive a slight scent from the diffuser in the first hours after plugging in.

Diffuser Power Indicator Light

When plugged into a functioning outlet, a light on the diffuser will indicate that the heater is receiving power. If the light does not turn on, check to ensure the outlet is functioning properly by plugging a different working device into the outlet (e.g., a lamp).

If the diffuser light still does not turn on, please contact ADAPTIL® product support line at (800) 999-0297.

DANGER

HARMFUL OR FATAL IF SWALLOWED.

CALL PHYSICIAN IMMEDIATELY IF INGESTED.

DO NOT INDUCE VOMITING.

Contains petroleum distillates (i.e. Isoparaffinic Hydrocarbon).

KEEP OUT OF REACH OF CHILDREN.

Read label and insert prior to use.

Dispose of contents and container in accordance with local regulations.

IMPORTANT SAFETY INSTRUCTIONS

Read all the instructions before using the product. This product is not a toy. Intended for adult use only. Keep out of reach of children.

When using electric products, basic precautions should always be followed. To reduce the risk of injury, close supervision is necessary when a product is used near children. DO NOT put fingers, hands, metal or other foreign objects in the product. DO NOT disassemble diffuser unit or modify the plug in any way. There are NO user serviceable parts on this device. If the diffuser unit blocks the “TEST” or “RESET” buttons of a GFCI receptacle, it is recommended that the unit be removed from the outlet monthly and the GFCI be tested before plugging the electric diffuser unit back into the outlet. The internal parts of this device will get very hot to encourage evaporation of the active ingredient. Do not touch these surfaces during use. The diffuser is protected from overheating by an internal safety device. DO NOT attempt to refill the diffuser vial with other liquids or substances. To avoid damage, DO NOT place pheromone refill on any surface during use or place any object above the diffuser unit. DO NOT PLUG diffuser below any electrical device, under furniture, under any prominent object from the wall or in a multi-socket/multi-plug/extension lead. MINIMUM CLEAR DISTANCE above diffuser = 4 ft (1.20 m). DO NOT plug in sideways or upside down. DO NOT immerse in water. DO NOT cover. This may impair or block diffusion of the product and leave residual marks.

Replace the diffuser plug-in device every 6 months.

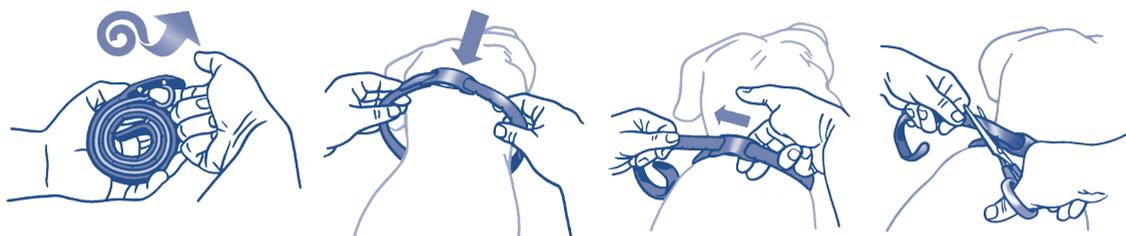

Use ONLY ADAPTIL® Refills. Ceva will not be held responsible for damage, injury or poor performance caused by use of any other refills in ADAPTIL® diffusers.

SAVE THESE INSTRUCTIONS.

ADAPTIL® Calm On-the-go Collar

Canine appeasing pheromone analog 5%

Small Dog Collar fits dogs' necks up to 14.7 in. or dogs up to 35 lbs.

Small collar 0.63 oz.

Medium/Large Dog Collar fits dogs' necks up to 24.6 in or dogs up to 110 lbs.

Medium/large collar 1.15 oz.

ADAPTIL® Calm On-the-go Collar lasts up to 4 weeks.

To be effective, the collar must remain on the dog at all times (except when shampooing the dog). The collar is activated by your dog's body heat. The collar must fit snugly around the dog's neck - follow the directions to ensure appropriate fitting of the collar. The collar will stop diffusing while wet. Once the collar is dry, it will begin working again. **DO NOT** expose to chlorinated pools or shampoos as this will deactivate the collar.

KEEP OUT OF REACH OF CHILDREN.

The collar is not made of recyclable material.

Dispose of contents and container in accordance with local regulations.

ADAPTIL® Travel Spray available in a 20 mL or 60 mL bottle

Canine appeasing pheromone analog 2%

Isopropanol 98%

The effect of **ADAPTIL® Travel Spray** lasts 4 to 5 hours.

Each 20 mL bottle delivers about 16 applications.

Each 60 mL bottle delivers about 50 applications (+/- 8 sprays per application).

WARNING: FLAMMABLE. EYE IRRITANT.

May cause drowsiness or dizziness.

DO NOT SPRAY DIRECTLY ON DOGS.

KEEP OUT OF REACH OF CHILDREN.

Read label and insert prior to use.

Keep away from heat, sunlight and ignition sources.

Do not smoke during use.

Avoid contact with eyes.

If sprayed in eyes, rinse continuously with water for several minutes.

Avoid breathing vapors.

If ingested, do not induce vomiting.

Store in a well-ventilated cool place.

Dispose of contents and container in accordance with local regulations.
