

Assembly Instructions

Caution : You must read this before you proceed

CHAIR

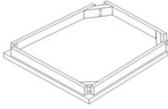

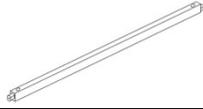

CAUTION : This Chair is NOT a TOY.

Keep your child / children at bay during the assembly process.

For moving the Chair and to prevent damage to the Chair, two adults are needed to execute this action.

Parts List

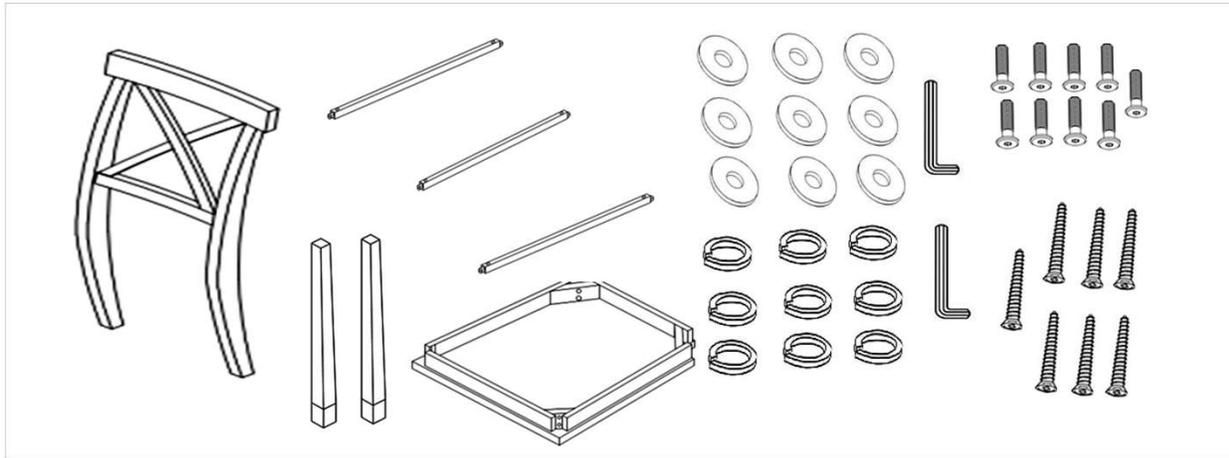

Label	Picture	Description	QTY
A		Chair back	1
B		Chair seat	1
C		Right side rail (The side with holes is the bottom side to face the floor after assembly)	1
D		Left side rail (The side with holes is the bottom side to face the floor after assembly)	1
E		Right front Leg	1
F		Left front Leg	1
G		Front support bar	1

Hardware

Label	Picture	Description	QTY
①		Bolt (M6 x 60mm)	9
②		Spring Washer	9
③		Flat Washer	9
④		Screw (M4 x 40mm)	7
⑤		Allen key	2
⑥		Screw Driver	Not Provided

Assembly Preparation

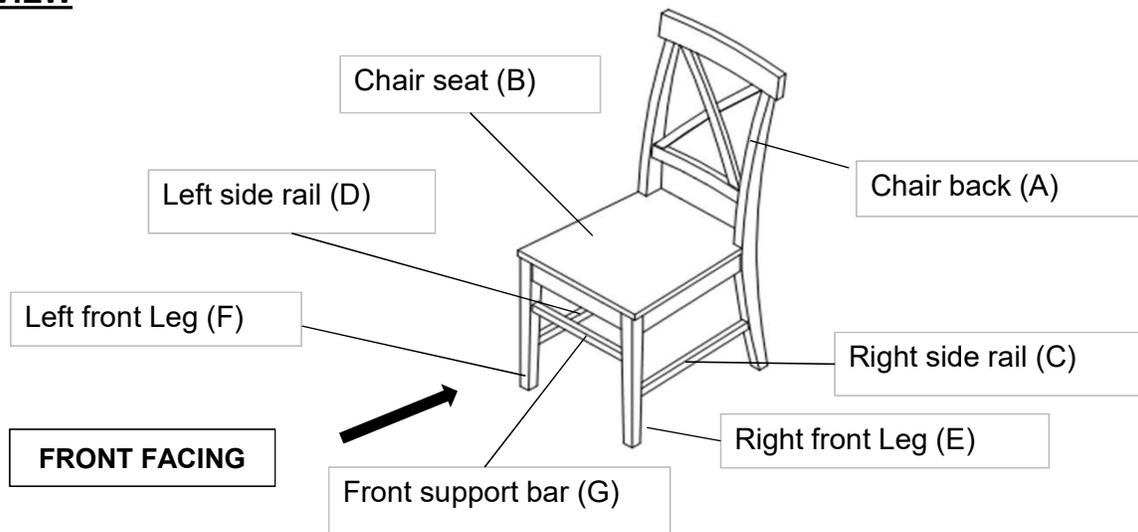

Before Beginning Assembly:

-  • Read instructions, cover to cover-
-  • Have 2 adults on hand for assembly-
-  • Do not assemble on flooring or carpet-
-  • Assemble on a clean non-marring surface (packing foam)-
-  • Save all packaging until finished-

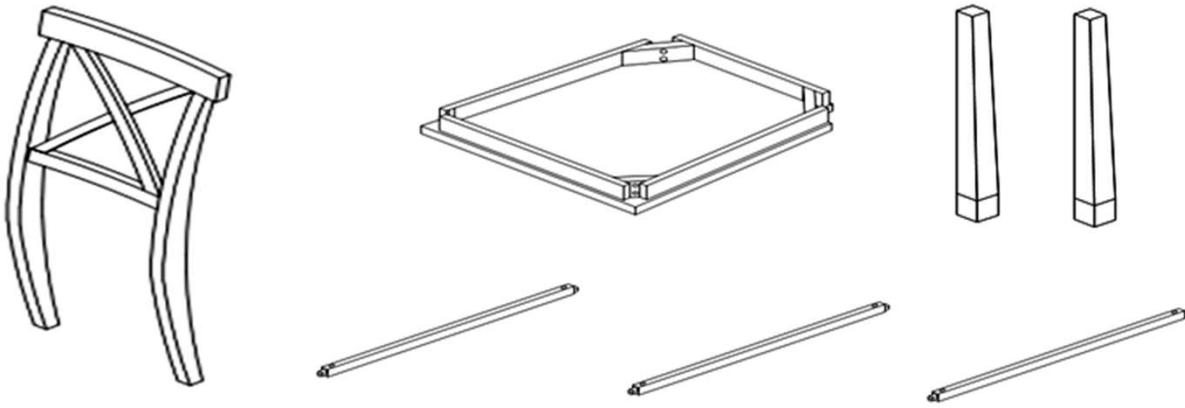

Assembly Steps

OVERVIEW

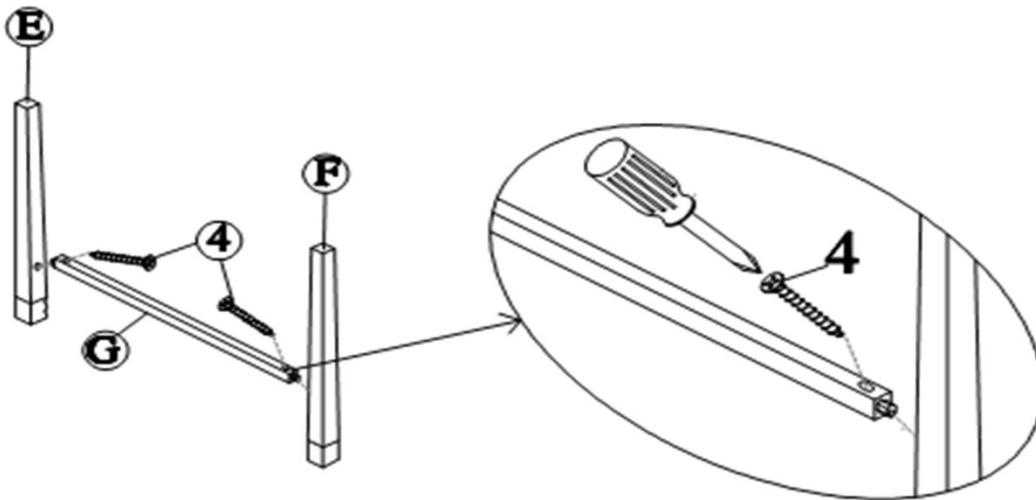

This Chair has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the Chair, the above picture is to assemble is to help you put the various parts into perspective. Please read through the instructions here below to familiarise the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

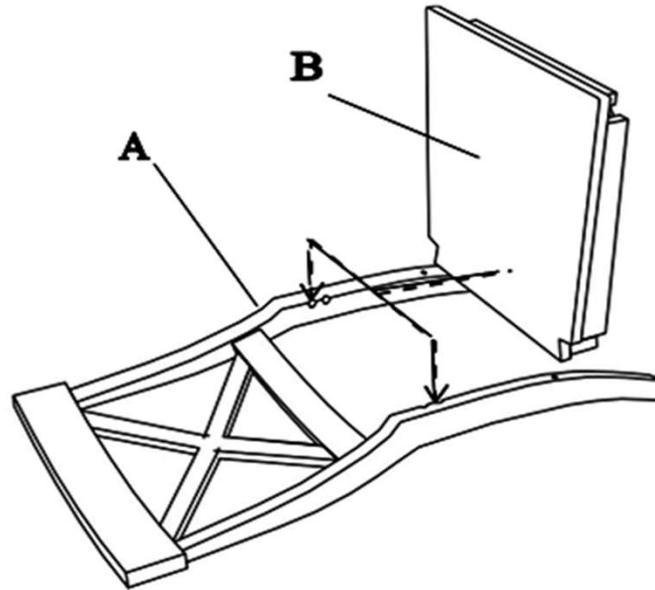

Attach Front support bar (G) into the upper housing of the Top Right Front Leg (E) and Top Left Front Leg (F).

Secure the Front support bar (G) into the upper housing of the Top Left Front Leg (F) by using screw (4) and screw driver (6)

Repeat the same process for the Right Front Leg (E)

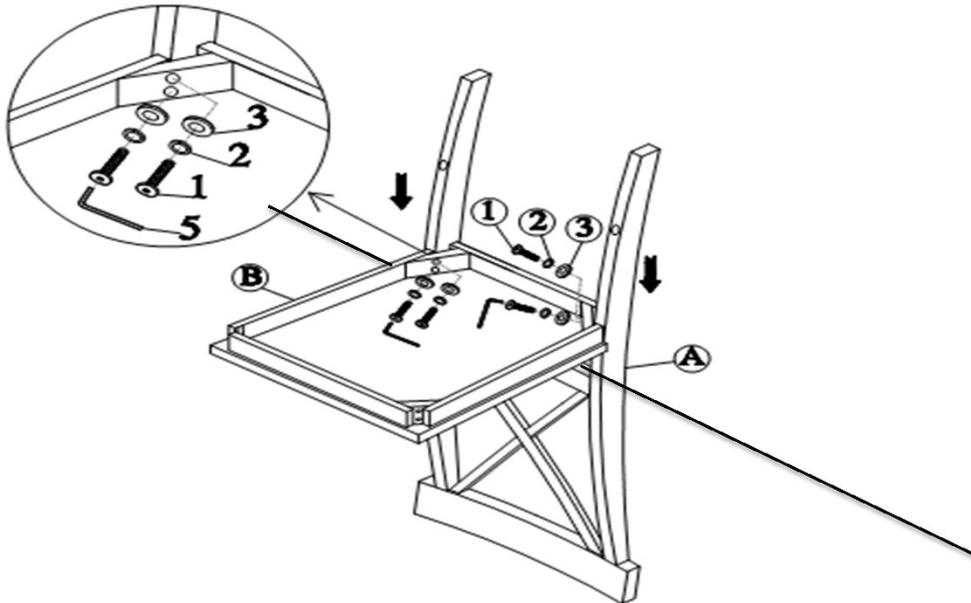

Do not fully tighten the Screws.

Step 3

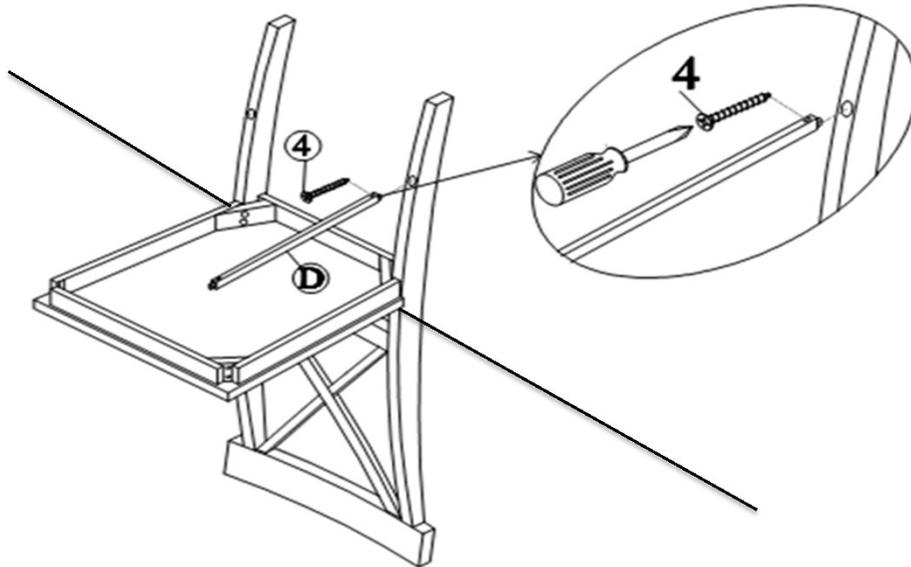

Place the Chair Back (A) onto a flat clean soft surface, as pictured above
Push the Chair Seat (B) in to the mounting position of the Chair Back (A) following the arrows shown in the picture.
Use your left hand to push the seat frame floorwards.
This action helps to ensure the Chair Seat (B) is pressed towards to the Chair Back (A) with no gap between these.

Step 4

Secure the Chair Back (A) to the Chair Seat (B) by using Bolts (①), Spring Washer (②), Flat Washer (③) and Allen Key (⑤).
Then loosely tighten Bolt (①).
Repeat the same process for the other leg of Chair Back (A)
DO NOT OVERTIGHTEN THE BOLTS.

Step 5

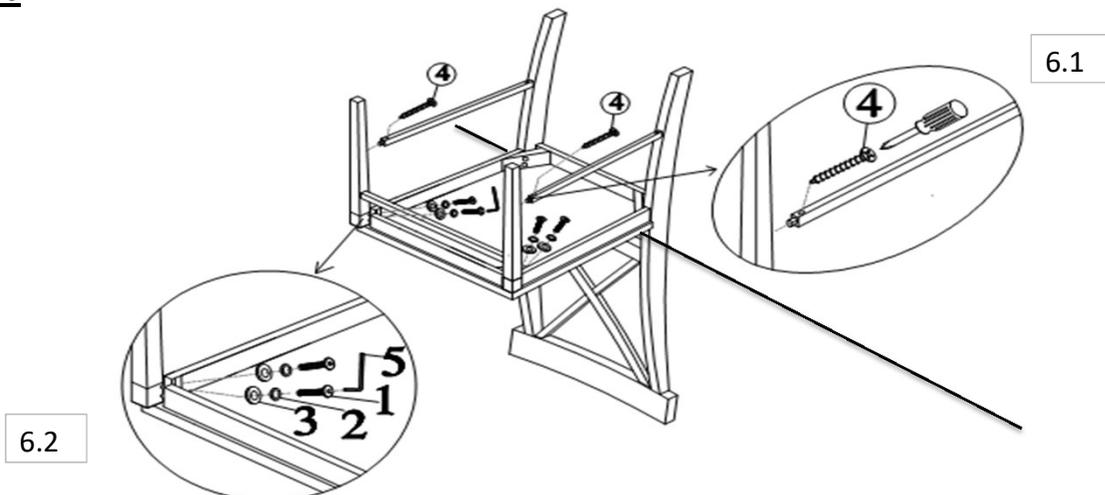

Next, place right side rail (C) into the oval housing of Hind Leg of the Chair Back (A) as shown in the picture

Then, using screw (④) and screw driver (⑥) to attach the Right Side Rail (C) to the Chair Back (A).

Repeat the same process for the Left side rail (D)

DO NOT OVERTIGHTEN THE SCREWS. OVER TIGHTENING COULD LEAD TO DAMAGE OF THE PRODUCT. TIGHTEN ONLY UNTIL SECURE.

Step 6

Place complete part in step 2 into the tenon of side rails and the Chair Seat (B).

6.1) Using screw (④) and screw driver (⑥) to attach the Right Side Rail (C) to the right front leg (E)

Repeat the same process for the Left side rail (D) to the left front leg (F)

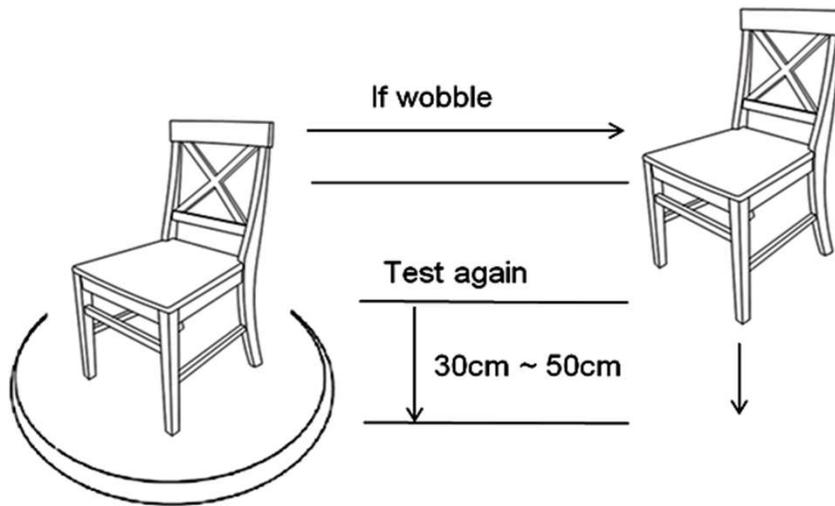

6.2) Secure Front Legs (C) and (D) to the Chair Seat (B) by using Bolts (①), Spring Washer (②), Flat Washer (③) and Allen Key (⑤) same as step 3 to finish.

DO NOT OVERTIGHTEN THE BOLTS (①).

OVER TIGHTENING COULD LEAD TO DAMAGE OF THE PRODUCT.

TIGHTEN ONLY UNTIL SECURE AND STABLE

Step 7

Place the Chair on a LEVEL SURFACE to see if it wobbles.

If it wobbles, lift the Chair to some 30cm to 50cm height from the ground. Keep your feet and toes well away from the drop zone.

Drop the Chair freely and vertically with the four legs, hitting the ground, at the same time.

This Drop Test will help to ensure that all the screws and gaps to all reach full alignment status. Test again for evenness on a LEVEL SURFACE.

If no wobbles found, proceed to tighten all the screws.

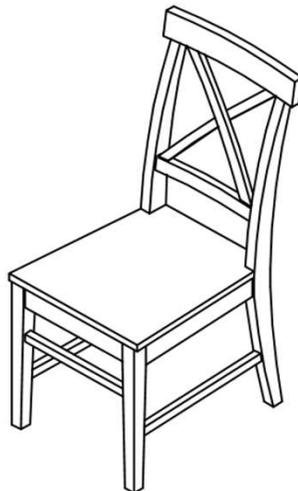

CAUTION: When tightening these screws, tighten sequentially.

DO NOT tighten any screw fully and then towards the next one. This would cause the frame to warp.

If there is still wobbles, loosen the screws and execute this same drop tests.

WARNING!! IF CHAIR IS NOT STABLE , IT COULD LEAD TO DAMAGING THE PRODUCT.

Step 8

Turn the Chair upright carefully

Proceed to fully tighten all Bolts (E) and Screws (G), in a sequential manner. The Chair is ready to use now.

Caution: This Chair can only be used on a flat, level surface

Care & Maintenance

-   ● Do not put hot items directly on furniture surface
 -   ● Do not clean furniture with harsh cleansers or polish.
 -   ● Do not place furniture under direct sunlight.
 -   ● Do not place furniture near heating or cooling vents.
 -   ● Do not write on furniture without a padded barrier to protect the surface.
 -   ● Do not place furniture outside . For indoor use only .
 -   ● Not for commercial use. For residential use only .
 -   ● Stains may be removed with mild soap solution and damp cloth.
 -   ● Children should not climb or jump on the furniture.
-
-   ● Dust and pick-up spills using a clean, non-colored, lint-free cloth .

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
