

101#1 Installation Steps

Please read the installation instructions carefully before installation. The front and back of the board are different. Be sure to see it clearly before operation. Attention shall be paid to the sizes of screws.

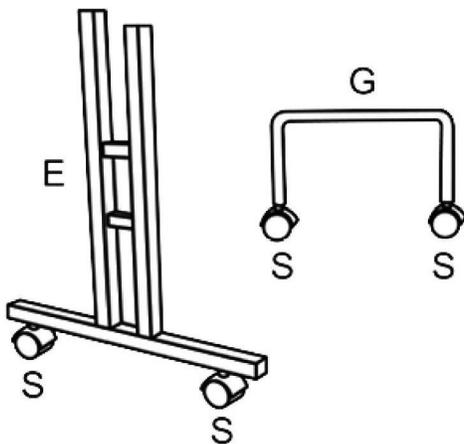

Before installation, be sure to know well about each part and make an inventory. This style includes the style with the host holder and the style without the host holder, and number of parts is slightly different. Be careful upon installation.

Parts List:

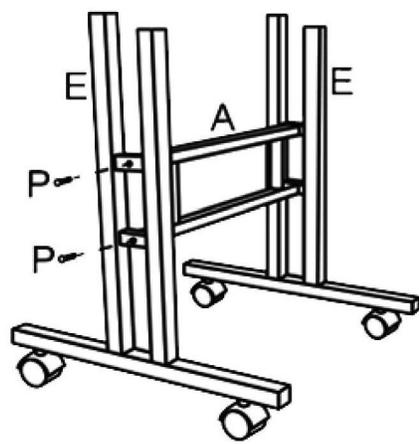

A pull rod  x1	B panel board  x1	C keypad board  x1	D L-shaped pipe for panel board  x2	K rotating handle  x4
				L Q-shaped clamp  x2
				M 6*12 flat-end screw  x4
E table leg  x2	F barrier strip  x1	G elbow pipe  x1	H L-shaped pipe for keypad board  x2	N 6*25 flat-end screw  x3
				O 6*35 flat-end screw  x4
				P 6*45 flat-end screw  x6
I circular pipe  x1	J host holder  x1		Q 5*60 pointed-end screw  x2	
			R 5*50 pointed-end screw  x2	
			S wheel  x6	
			T small wrench  x1	
			U screwdriver  x1	

Installation steps:

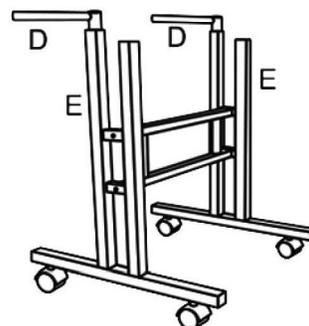

Step 1: Screw the wheels [S] onto the table leg [E] and the elbow pipe [G] with the wrench.

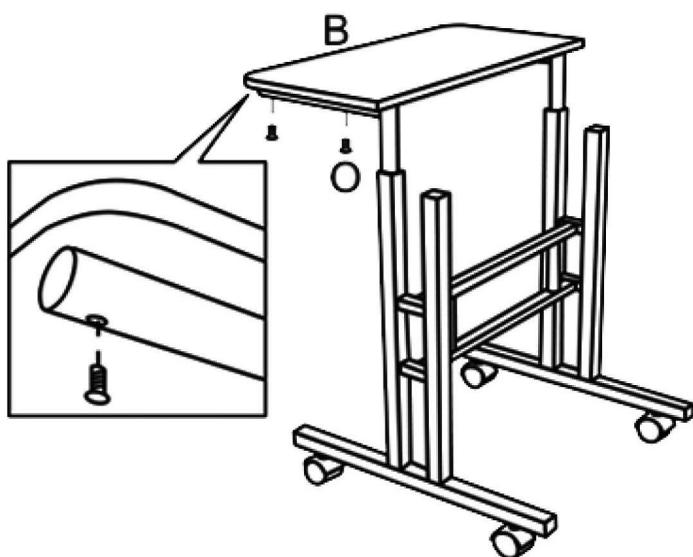

Step 2: Connect the pull rod [A] and the table leg [E] with the screws [P] (4 ones).

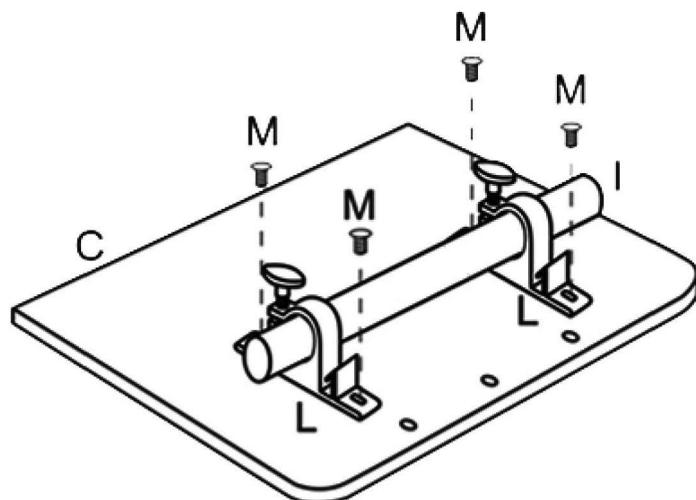

Step 3: Insert the L-shaped pipe for panel board [D] into the table leg [E].

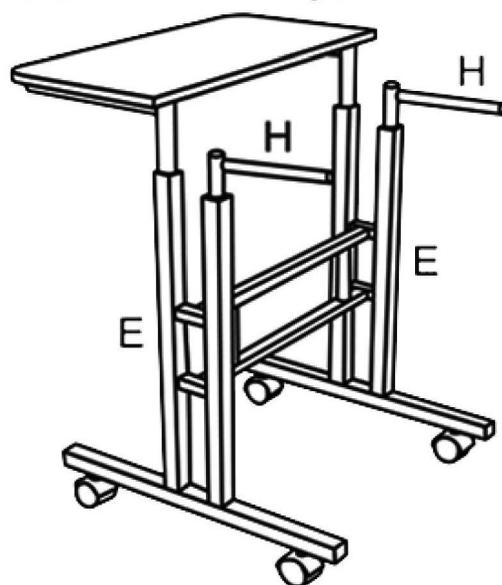

Step 4: Connect the panel board [B] and the L-shaped pipe [D] with the screws [O] (4 ones).

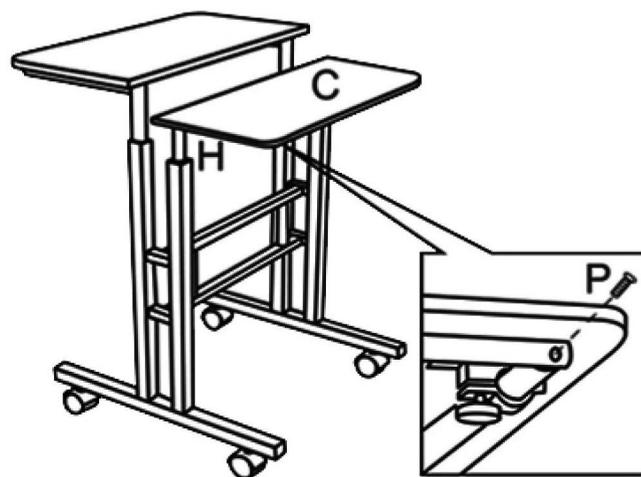

Step 5: Unscrew the rotating handles of the Q-shaped clamp [L], fit them into the circular pipe [I], and connect the keypad board [C] and the Q-shaped clamp [L] with the screws [M] (4 ones).

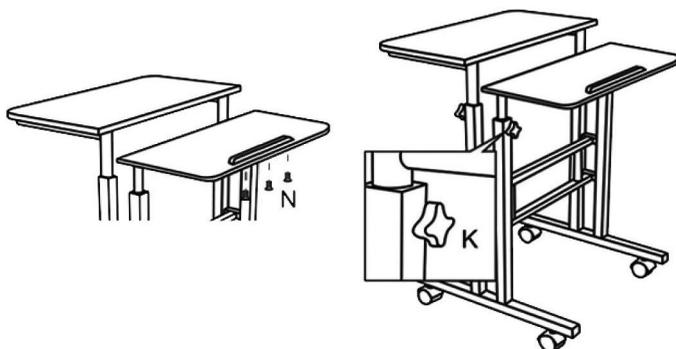

Step 6: Insert the L-shaped pipe for keypad board [H] into the table leg [E].

Step 7: Connect the circular pipe [I] and the L-shaped pipe [H] with the screws [P] (2 ones).

Step 8: Connect the barrier strip [F] and the keypad board [C] with the screws [N] (3 ones), and screw the rotating handle [K] into corresponding place.

Step 9: Connect the host holder [J], the elbow pipe [G] and the table leg [E] with the screws [Q] (2 ones) and the screws [R] (2 ones). The installation is completed.

Notes: The table leg uses 6mm screws. The elbow pipe uses 5mm screws.
