

VersaCheck®

IMPORTANT SETUP INFORMATION

HP DeskJet 3755MX MICR Printer & VersaCheck Gold Bundle

1 Versalink Magnetic (MICR) Ink Cartridge

This printer includes a Versalink Magnetic (MICR) Black Ink Cartridge to print bank compliant checks. This MICR cartridge **MUST** be used to print bank compliant checks! Please follow the HP instructions to install the cartridges in the printer.

2 Printer Driver Software

Please see the **HP DeskJet 3700** step-by-step flyer for instructions to install and connect the printer.

3 Check Printing Software

Please see the included **VersaCheck Gold Quick Start Guide** for instructions to download, install, and use your VersaCheck Gold software. The guide provides a quick overview of account setup, checkbook setup, printing checks from VersaCheck and printing checks directly from other accounting programs like QuickBooks and Quicken.

The included **VersaCheck Starter Check Pack** contains a variety of business & personal checks for you to consider and get started printing checks right away. Be sure to keep the **Validation Code Certificate** included in the check pack. Validation Codes are print credit codes (example: 32YWX-UN2BN-XXXXX) and are included FREE with your software purchase to get you started printing checks. Additional Validation Codes are also included FREE with these VersaCheck supplies: VersaCheck Security Check Refills, VersaInk MICR ink cartridges & VersaToner MICR toner cartridges.

4 GoTest Mini MICR/UV Scanner

We recommend purchasing a GoTest™ MICR line scanner to confirm your checks are printing with bank compliant MICR toner! Please search B07H4KNMYX on Amazon.com

5 Support

If you have questions or require support, we have Free online support (email support@versacheck.com and live chat) or Paid Premium Technical Phone Support (www.versacheck.com/support) available.
