

# How To Measure For Curtains

## STEP 1: Choose your curtain width

	Pole Width	You Need
52in	18-32in	1pc
	33-64in	2pcs
	65-96in	3pcs
	97-128in	4pcs

## STEP 2: Choose your desired curtain length

### A: Sill Length

Measure from the pole top to the window frame + Approximately 6"

### B: Below the Sill

Measure from the pole top to the bottom of the window + Approximately 6"

### C: To the Floor

Measure from the pole top to the bottom of the window - Approximately 0.6"
