

BOXED RUGS

We've shipped your new rug in a box in order to reduce our environmental impact. Boxing also has the following benefits:

- 1 Lower shipping cost which means savings for you!
- 2 Smaller packaging also allows for faster shipping.
- 3 Easier to carry into your home.
- 4 Boxing allows for less packaging, less plastic, and a lower carbon footprint.

INSTRUCTIONS

1. Carefully cut the packaging.
2. Unfold your rug in your room. Run your hands over the folds. Walk on it.
3. Place the corners or sides under furniture or heavy books to weigh it down.
4. Vacuum the rug to help loosen the folds.
5. Allow a few days for your rug to relax and look great.
6. Get comfortable and enjoy!

IMPORTANT TIPS

- If you decide to return the rug, save on shipping by using the original box and packaging.
