

ASUS Chromebook C202

CLASSROOM-RUGGED
LESS DOWNTIME. MORE LEARNING TIME.

The ASUS Chromebook C202, powered by Intel® Celeron™, is the ideal education computer for every school IT manager, student, and teacher. With its classroom ruggedness, the ASUS Chromebook C202 is developed to meet the daily rigorous and intense usage by students both inside and outside of the classroom. Beyond its rugged construction, the ASUS Chromebook C202 is also designed for easy on-site maintenance to minimize downtime*. The result is a Chromebook which is designed for maximum usage, creating more learning opportunities for students.

Designed for classroom-ruggedness

Rock solid durability to withstand everyday bumps, knocks, and drops

Robust, reinforced rubber wrapped protective guard – reduces the impact from any accidents. All 4 exterior edges and corners of the Chromebook are protected using reinforced nano-molding technology which ensure critical components are secured.

Surpassed durability testing¹ – Best-In-Class Drop Test from a drop height of 120cm ensures function without disruption. Extreme twist force and high-pressure testing ensure that it can withstand the physical stress when used frequently over long periods of time. Various shock trials, as well as multiple frequency vibration testing, ensure the solid and sturdy construction of the device.

Easy grip design – 2 strategically placed grips provide better holding traction and reduce any slipping incident.

Designed for easy on-site maintenance

Tear down key components in minutes minimizing downtime and extending refresh cycles

Minimized downtime means lowering total cost of ownership – Downtime affects the running cost of a business. The goal is to minimize downtime which in turn leads to cost saving.

Key components can be dismantled in 4 steps within minutes – Remove keyboard, thermal module, battery, and motherboard in 4 hassle-free steps. By easing the maintenance for IT professionals the C202 can have longer refresh cycles, saving time and money.

Modular components design for simpler replacement of parts – Reach what needs to be replaced without having to remove other parts.

Designed for seamless learning

Intuitive features offer better user experience

180-degree hinge allows a fully open Chromebook – Ideal for easy viewing, especially for group study or collaboration.

Spill-resistant keyboard with 2mm travel distance – Resistant to spills caused by accidents and more accurate typing and better feel (compared to the standard 3mm travel distance).

Powered by Intel® Celeron™ – Designed for fast multitasking and multi tab performance.

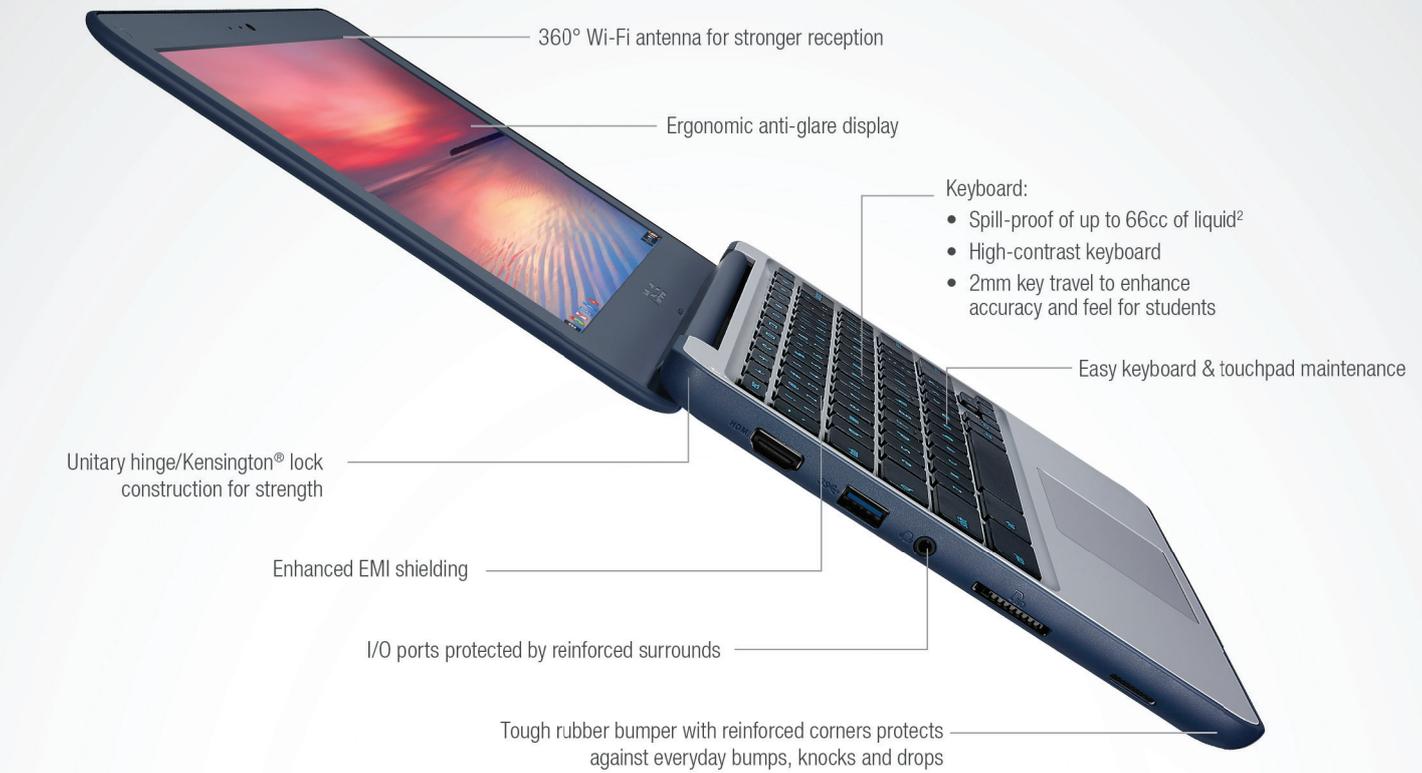

15% larger character-printed keys – Provides superior legibility for easier typing.

Anti-glare display – Easy to view even in sunlight and less strenuous on the eyes.

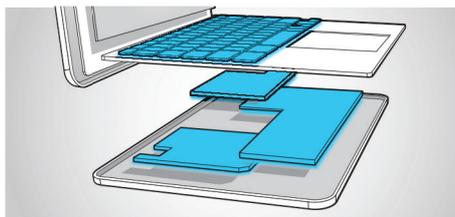

Up to 10 hours of battery life³ – Power to last the long school day.

360 degrees Wi-Fi antenna – Strong reception to minimize poor signal connection.

*Applicable for customers who have enrolled in the ASUS Authorized Service Provider Program

Robust, reinforced rubber wrapped protective guard

Tear down key components in minutes minimizing downtime and extending refresh cycles

Light weight at 2.65 lbs with two grip rails for better holding traction reducing any slipping incident

Spill-proof & 2mm travel distance keyboard

Anti-glare display great for outdoors as well

360° Wi-Fi antenna for stronger reception

SPECIFICATIONS

Model	ASUS Chromebook C202
Processor	Intel® Dual-Core Celeron® N3060 Processor (2M Cache, up to 2.48 GHz)
Operating System	Chrome OS
Memory	LPDDR3 1066Mhz Onboard Memory 2GB and 4GB options available
Display	11.6" HD 1366x768 Anti-Glare
Graphic	Intel® HD Graphics 400
Storage	eMMC 16GB
Card Reader	SD Card Reader (SD, SDHC, SDXC)
Camera	HD Web Camera (1280x720)
Networking	802.11 ac/b/g/n + BT4.2 support WiDi
Interface	1 X HDMI v1 .4 supporting up to 1920x1200@ 60Hz; 1 X Headphone I Line out; 2X USB port (USB3.0*2)
Battery	38Whr Li-Polymer
Warranty	1 year limited warranty includes Battery
