③	User Guide		

WARNING

THIS PRODUCT IS NOT FLAME RESISTANT. THIS BED CONTAINS PLASTIC. DO NOT PLACE AIR BED NEAR OPEN FLAME OR ANY OTHER SOURCE OF IGNITION.

1. Unplug or disconnect the appliance from the power supply before use.
2. This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit a polarized outlet in only one way, if the plug does not fully fit the outlet, reverse the plug, if it still does not fit, contact a qualified electrician. Do not tamper with it.
3. Indoor use only. Make sure the surface is clean of any debris, sharp objects, or protrusions and place bed in a safe area before use. Make sure that there are no sharp edges, steps, drops or breakable items in the nearby. Use it on flat surfaces, as bed would be tipped over on uneven surfaces.
4. Do not run the motor for over 5 minutes. Users should allow the motor to cool down for 5 minutes between uses.
5. The air vent on the cover should be kept free of debris during use.
6. Store in a dry place.
7. Infants have suffocated on inflatable mattresses. Never place an infant(babies up to 15 months)to sleep on this inflatable air mattress/air bed.
8. Children can get entrapped between the inflatable mattress and an adjacent vertical surface such as walls, dressers, etc.
9. Always keep the inflatable mattress fully inflated when in use.
10. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or equally qualified persons in order to avoid a hazard.
11. This product is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the product by a person responsible for their safety. Keep children away from the product when not using it. Maintenance shall be done by capable adults.
12. Do not step or jump on bed, or use as a trampoline. Standing, jumping or walking on the bed may result in injury, damage or puncture the bed.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

NOTE: Drawings for illustration purpose only. May not reflect actual product. Not to scale.

INFLATION

METHOD 1

METHOD 2

This air bed comes with a secondary inflate/deflate option (A) for use with portable air pumps as a backup to the installed automatic pump. To use a portable air pump (portable air pump not included) follow these instructions:

— 4 —

DEFLATION

FOLDING INSTRUCTIONS

— 5 —

FIRST INFLATION

CARE AND MAINTENANCE

1. Inspect your bed before each use.
2. Keep your bed away from any sharp or protruding objects. Large cuts, tears, or snags may not be repairable and will not be covered by your warranty.
3. When not in use, put the bed in a clean, dry place out of extreme temperatures.

CLEANING

1. DO NOT SUBMERGE MATTRESS IN WATER!
2. For spot cleaning, use a clean damp cloth to wipe the surface of the mattress. Apply a clear liquid dish detergent without dye if necessary.
3. Wet stained area thoroughly gently rub the stained area with detergent. Blot the area to remove the staining substance.
4. Rinse thoroughly and pat dry. Allow your bed to air dry completely after cleaning and before storing.

ADDITIONAL INFORMATION

IN CASE OF AIR LEAKAGE

Please check the following in case of air leakage:

1. Is the inflate/deflate valve on the built-in pump turned to the inflate position?
2. Is the secondary inflate/deflate valve cap closed?
