USER'S MANUAL

MANUEL DE L'UTILISATEUR

MANUAL DE USUARIO

General Information

Temperature control instruction: when the temperature inside the TV rises to 65 °C (149 °F), the system will automatically turn off the back light to protect the TV. At this time, the TV screen will have a sound but without a picture. When the temperature drops to 50 °C (122 °F), the back light will be turned on again, then the TV works normally.

To avoid damaging the television set please observe the following safety instructions during setup and use.

Cleaning the television set	Before cleaning, disconnect the television set. Use only a soft damp cloth or a special cleaning product for flat-screens.
LED Display	Too much pressure on the screen can damage the television set.
Heat/damp/humidity	The television set should not be exposed to high temperatures (radiators, open fire). The television set should not be used in areas with high humidity.
Condensation	If moved from a cool area to one with a higher temperature, the television set should be left for at least an hour before plugging it in. A rapid change of temperature can lead to the formation of condensation in the television set itself. This can lead to damage if the television set is in use.
Air Circulation	To prevent overheating of the television set the ventilation slots at the rear should always be clear.
Small Objects	It is important to ensure that no small objects or liquids enter the television set. They can cause damage or even fire.
Liquids/Candles	Do not place anything holding a liquid or any candles on the television set.
Crushing	Take care to avoid crushing fingers or other objects when turning the television set in any direction.
Electric Supply	Use the television set only with the voltage indicated in the specifications. Ensure that there is easy access to the plug and that the television set can always be disconnected from the electricity supply. Do not disconnect the television set by pulling the power cable. Always take hold of the plug. The power cable must not be kinked or placed over sharp edges.
Moving the Television Set	When moving the television set, hold only the casing.
Repairs/Accessories	Repairs and servicing must be undertaken only by authorised and trained personnel.
	In accordance with the Batteries Regulation, batteries are to be disposed of only in containers provided for this purpose.

CAUTION

RISK OF ELECTRIC SHOCK
DO NOT OPEN

In extreme weather (storms, lightning) and long inactivity periods (going on holiday) disconnect the TV set from the mains. The mains plug is used to disconnect TV set from the mains and therefore it must remain readily operable. If the TV set is not disconnected electrically from the mains, the device will still draw power for all situations even if the TV is in standby mode or switched off.

IMPORTANT - Please read these instructions fully before installing or operating
WARNING: Never let people (including children) with reduced physical, sensory or mental capabilities or lack of experience and / or knowledge use electrical devices unsupervised.

- The TV set is intended for Outdoor and similar general use but may also be used in public places.
 - For ventilation purposes, leave at least 5cm of free space around the TV.
 - The ventilation should not be impeded by covering or blocking the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
 - The power cord plug should be easily accessible. Do not place the TV, furniture, etc. on the power cord. A damaged power cord/plug can cause fire or give you an electric shock. Handle the power cord by the plug, do not unplug the TV by pulling the power cord. Never touch the power cord/plug with wet hands as this could cause a short circuit or electric shock. Never make a knot in the power cord or tie it with other cords. When damaged it must be replaced, this should only be done by qualified personnel.
 - Do not expose the TV to dripping or splashing of liquids and do not place objects filled with
 - liquids, such as vases, cups, etc. on or over the TV (e.g., on shelves above the unit).
 - Do not place open flames such as lit candles on the top of or near the TV.
 - Do not place any heat sources such as electric heaters, radiators, etc. near the TV set.
 - Do not place the TV on the floor and inclined surfaces.
 - To avoid danger of suffocation, keep plastic bags out of the reach of the babies, children and domestic animals.
 - Do not dispose of the batteries in fire or with hazardous or flammable materials.
- Warning:** Batteries must not be exposed to excessive heat such as sunshine, fire or the like.
- If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

WARNING

Never place a television set in unstable or inclined locations. A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such, Educating children about the dangers of climbing on furniture to reach the television set or its controls.

WALL MOUNTING WARNINGS

Read the instructions before mounting your TV on the wall.

The wall mount kit is optional.

Do not install the TV on a ceiling or on an inclined wall.

Use the specified wall mounting screws and other accessories.

Tighten the wall mounting screws firmly to prevent the TV from fall. Do not over-tighten the screws.

WARNING

Please install the television in a well-ventilated area.

It is prohibited to enclose it in a sealed box or embed it in a wall.

Do not flush the television to avoid damaging its waterproof design.

Accessories

Please make sure the following items are included with your TV.
 If any items are missing, Please contact us.

- One loading of batteries will last for 1 year under normal use.
- If you do not intend to use the remote controller for a long period of time, remove them to avoid damage due to leakage.
- Do not use old and new batteries together.
- The batteries (battery pack or batteries installed) shall not exposed to excessive heat such as sunshine, fire or the like.

External Connection

Antenna connection

Antenna input impedance of this unit is 75ohm. VHF/UHF 75ohm coaxial cable can be connected to the antenna jack directly, if the antenna cable is 300ohm parallel flat feeder cable, you need to use the 300ohm/75ohm converter to connect the antenna cable to the antenna jack. For details Please refer to the following drawing.

Antennas with 300ohm flat twins Leads

Antennas with 75ohm Round Leads

Main Menu User Guide

1 Input Setup

Press **INPUT** key on the remote control to enter "INPUT SOURCE" menu.
Use **◀/▶** key to select an input source and press **ENTER** key to confirm.

2 Channels Selection

There are four ways to select channel:

1) Using number keys, and "**ENTER**" keys on the remote control to select channel directly.

To select channel 90, press **9** → **0** → **ENTER**.

When you use the number buttons, you can directly select channels that were either erased or not memorized.

2) Using **CH** **◀/▶** key on the remote control or on your TV to select channel.
When you press the **CH** **◀/▶** key, the TV changes channels in sequence. You will see all the channels that the TV has memorized.

You will not see channels that were either erased or not memorized.

3) Press **CH RTN** key to return to previous channel, press it again to return to current channel.

To quickly switch between two channels that are far apart, tune to one channel, then use the number keys to select the second channel. Then use the **CH RTN** button to quickly alternate between them.

CH RTN is not activated if no channel has been changed after TV turning on.

4) Select channels from "Channels List" or "Favorite List".
Press "**ENTER**" key to choose from "Channel List" menu.

3 Volume Adjustment and Mute Setup

Volume adjustment

Press **VOL+ / -** key on the remote control or the TV to display "Volume" menu, adjust the volume of TV between 0 to 100 by using **VOL+ / -** key:

To increase the volume, press **VOL +** key;
(To decrease the volume, press **VOL -** key;

Mute

Press "**MUTE**" and the sound cuts off. The MUTE icon will appear in the lower-right corner of the screen.

To resume sound, press the "**MUTE**" button again, or simply press the **VOL+** key.

4 Current Channel Information

Press "**INFO**" key on the remote control to view current channel information, the indications of channel information are listed in the following table.

Press "**EXIT**" key on the remote control to exit this OSD.

Picture

1. Press **MENU** key to display the main menu on the screen.

You can see the channel you choosed.

Program

Signal Information (Used only in DTV)

1. Press ▲/▼ key to select "Signal Information" option.
2. Press "ENTER" or ► key, you can see the information of the DTV channel.

NOTE:

Signal Quality/Signal Strength (DTV Only): Unlike analogue channels, which can vary in reception quality, digital channels must have perfect reception quality or you will not receive them at all. So, unlike analogue channels, you are not able fine tune a digital channel. If the signal strength indicates that the signal is weak, a possible solution is to adjust your antenna to increase the signal strength. Continue to adjust the antenna until you find the best position with the strongest signal.

Network

Troubleshooting

Problem	Possible cause	Possible solution
No picture and sound.	- The power adaptor is not plugged in or not working. - The wrong input source is selected. - The input source has failed to connect with the TV or is not turned on.	- Plug the power into a suitable outlet. - Select the correct input source. - Make sure the input source is correctly connected and turned on.
No sound.	- The volume control is set to minimum. - The mute  button on the remote control has been pressed - An incorrect sound system mode is set.	- Press the  button to increase the volume. - Press  or the (or ) button to restore/increase the volume. - Set a correct sound system mode from the main menu to match your TV source.
No picture, or monochrome picture only.	- The colour system setting does not match the program. - The sound system setting does not match the program.	- Select the appropriate colour system setting. - Select the appropriate sound system setting. (If unsure, use Auto settings where available).
Sound or picture interference.	- Some equipment that causes interference is close to the TV. - More than one device is plugged into the same power outlet. - An incorrect sound system mode is set.	- Keep interference-causing equipment away from the TV. - Plug the power adaptor into another, separate power outlet. - Set a correct sound system mode from the main menu to match your TV source.
PVR recording failed, or "DISK NOT READY" is displayed.	You may not have removed your USB device after the last recording, which is necessary to protect the device from damage.	Remove the USB device after each recording if you experience recording problems. If "DISK NOT READY" is displayed, remove the device, reconnect and then proceed with your recording.

Problem	Possible cause	Possible solution
DTV Picture Pixelation	Poor Signal	- Adjust the position or orientation of the TV antenna. - Check the antenna connection from the wall plate to the TV. - Try re-tuning the channels as the channel frequencies may be different in some areas.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Warranty Policy

(1) When returning an item, please note the following:

1. Only items purchased directly from www.sylvoxtv.com and authorized resellers can be returned, such as Amazon, Walmart, Newegg, Wayfair, Aliexpress, etc.
2. We will not accept any return requests for products purchased from unauthorized third-party suppliers.
3. Customer must contact the original vendor with your order ID or purchase proof and the detail of the product issue at service@sylvoxtv.com to request a return/refund/repair/replace before returning products. Sylvox will provide you with the shipping label in the mail.
4. Sylvox are responsible for all return shipping costs for quality problem.
5. If there is no reason to return the product after installation and use, Sylvox shall have the right to charge restocking fees of 20% of the product value. (Only accept applications for no reason return within 7 days after arrival, and freight costs are the responsibility of the customer)
6. Ensure that the item(s) you are returning is repackaged in the original condition with all the documentation and accessories that came with it.
7. If the returned product is not in original packaging: artificial damage causes to affect the second sale, such as its appearance being damaged, the lack of accessories, etc., we will deduct the corresponding expenses according to the situation.
8. We will handle your request once getting your returning item.

(2) How to return a product for a refund? (30 days money-back guarantee)

To return an item to Sylvox, Please contact the Sylvox team at service@sylvoxtv.com to submit an after-sales application, we will provide you with the shipping label in the mail. Please include your original order number or order proof in the email and ensure that the item is returned within 30 days. No refunds will be issued until the item is received in its original packaging (with its documentation and accessories).

(3) Refunds

Once we receive and verify the condition of your product, a refund is initiated. The way your refund is processed depends on your original payment method. For credit or debit cards, refunds will be back to the card-issuing bank within 7-10 business days of receipt of the returned item. Please contact the card-issuing bank with questions about when the credit will be posted to your account.
