PRODUCT OVERVIEW

HOW TO PAIR

Take both earbuds out of the charging case to pair to your device; the earbuds will automatically power on. With the earbuds powered on, go to your Bluetooth setting on your audio device and select 'iLuv TB100'. Once paired you're good to go!

1

HOW TO WEAR

Both earbuds are marked with an L or R to indicate the appropriate ear. The earbuds are differently angled to fit either the left or the right ear. The proper fit will ensure the best sound quality. Insert the earbud in your ear and rotate slightly clockwise (as shown in image below).

2

HOW TO FIT

Select the desired eartip (x-small, small, medium, large) and place it onto the earbud. Once selected, firmly push the eartip onto the earbud. There should be no gap in between the eartip and earbud. The medium size eartips are premounted onto the earbuds.

3

BATTERY PLAYTIME

The TB100 earbuds will provide a playtime of 20 hours. Get up to 8 hours on a single charge and an additional 12 hours from the included charging case. For quick charge, place both earbuds back into the charging case for 20 minutes and get 2 hours of listening time. A full charge for the earbud and charging case will take 2 hours.

Playtime measured on a single charge at an 80% volume level

4

BATTERY STATUS

The charging case is equipped with LED battery life indicators which help identify the battery level. The LED will stay lit when charging is at full capacity. Battery level percentages listed below:

5

HOW TO CHARGE

Please follow the instructions below to properly charge the earbuds and charging case. The LEDs on the earbud and charging case will signify the status of charge; the earbud LEDs will be off when fully charged while the charging case LEDs will all be lit.

6

TOUCH CONTROLS

POWER

Please follow the instructions below

7

TOUCH CONTROLS

MUSIC

Please follow the instructions below

8

TOUCH CONTROLS

VOLUME

Please follow the instructions below

9

TOUCH CONTROLS

CALLS

Please follow the instructions below

10

TOUCH CONTROLS

VOICE ASSISTANT

Availability of Google Assistant voice control feature will vary by different Android Phone models.

11

WATER RESISTANCE

The earbuds are rated IPX6 water resistant. They are designed to be sweat and weather resistant but aren't meant to be submerged under water. The IPX6 is not a permanent condition and the resistance may decrease as a result of normal wear.

CAUTION

Please do **NOT** do the following:

12

REPLACEMENT PARTS

Replacement or additional accessories can be purchased online at:

- iLuv Website: www.iLuv.com
- iLuv Amazon Storefront: www.Amazon.com/iLuv

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the use is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Hereby, iLuv Creative Technology declares that the radio equipment type TB100 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.iLuv.com

Caution: The device paired with this iLuv product may emit an involuntary alert such as government alerts, AMBER alerts, emergency alerts, etc. Please note that these alerts will prompt a message at a high volume which is dictated by the operational system of the device. These alerts may be disabled through the device settings.
