V-Track Precision Blades PRO

Upgraded V-Track Precision Blades PRO gently captures each hair regardless of its length, from 1 day up to 3 day stubble. Cuts 30% closer* in fewer strokes, leaving your skin smooth and comfortable. The blades also self-sharpen to ensure a premium shave day after day.

Personal Comfort Settings

Customize your shave by choosing the speed setting that best fits you: Sensitive – for a gentle, yet thorough shave. Normal – for a thorough – everyday shave. Fast – for a quick shave that saves you time.

Digital User Interface

The premium user interface helps you get the best performance out of your shaver by automatically lighting up and displaying: - 3 digit battery indicator - Cleaning indicator - Battery low indicator - Replacement head indicator - Travel lock indicator

Shave Wet or Dry

Choose how you prefer to shave. Shave in the shower. Or use with water, foam, or gel for refreshing, comfortable shave.

SmartClean PLUS

At the touch of a button, SmartClean PLUS cleans, lubricates, dries and charges your shaver, keeping it performing at its best every day.

SmartClick Precision Trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

60 minutes of cordless shaving

Shave longer with every charge, thanks to our powerful and long-lasting Lithium-ion battery. Do a quick charge for 5 minutes and you'll have enough power for one shave. All Shaver Series 9000 models are designed to operate only in cordless mode - to ensure you'll always be safe when shaving with water, even in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and a built-in ventilation chamber dries your shaver even when you're on the go.
