Remote

Do more on your TV with your voice

Find new favorites faster with vioce search. Jump right to a show or movie just by saying it, or try browsing with a voice search like “find action movies”. Press the voice button on your remote to get started.

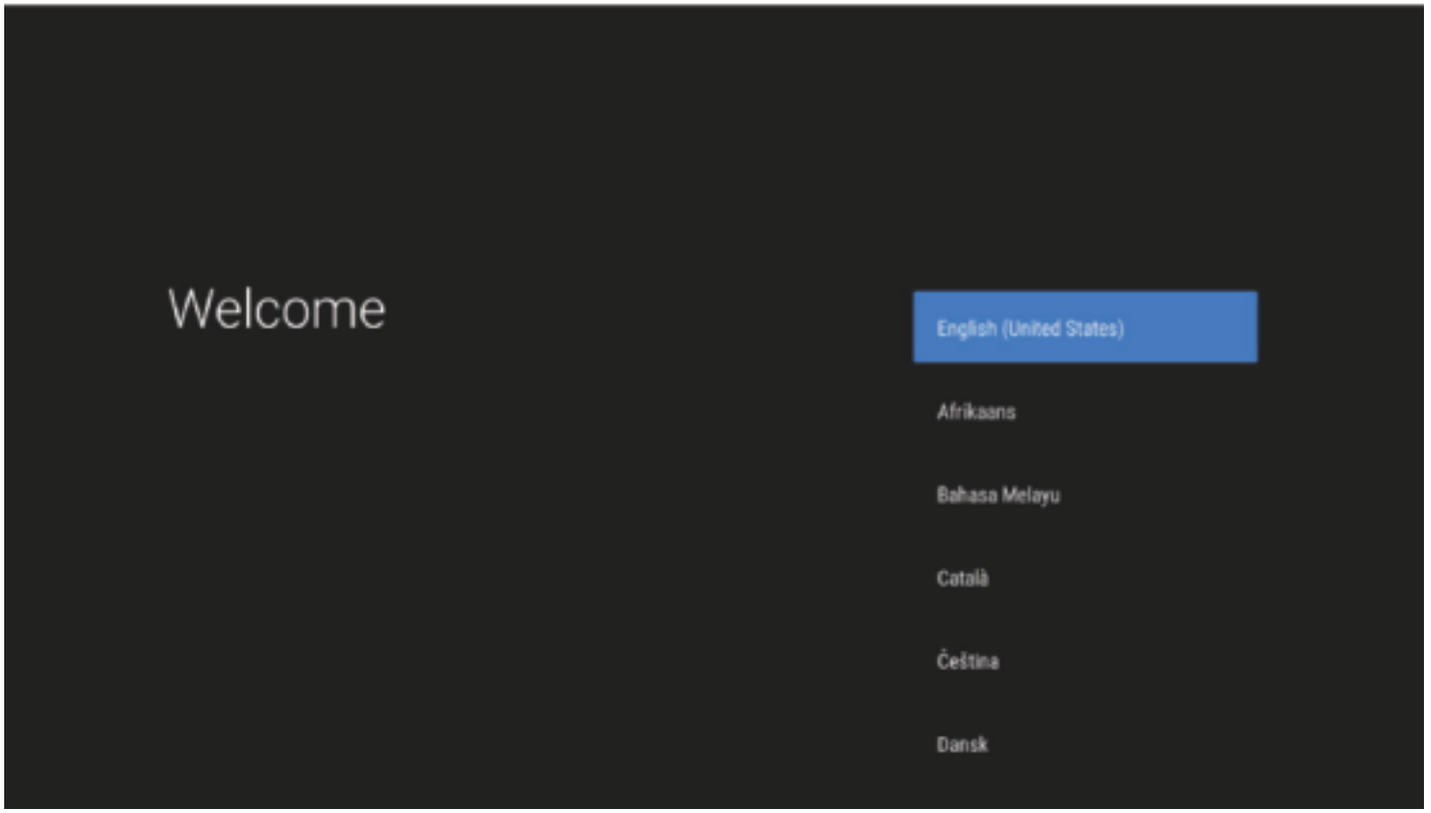

Pairing guide

Long press the Back and Home button at the same time until the red light flashes quickly, then release. This means the remote control has entered pairing mode. Wait for a few seconds without pressing any buttons until a message pops up on the screen that the remote has paired successfully.

Android TV

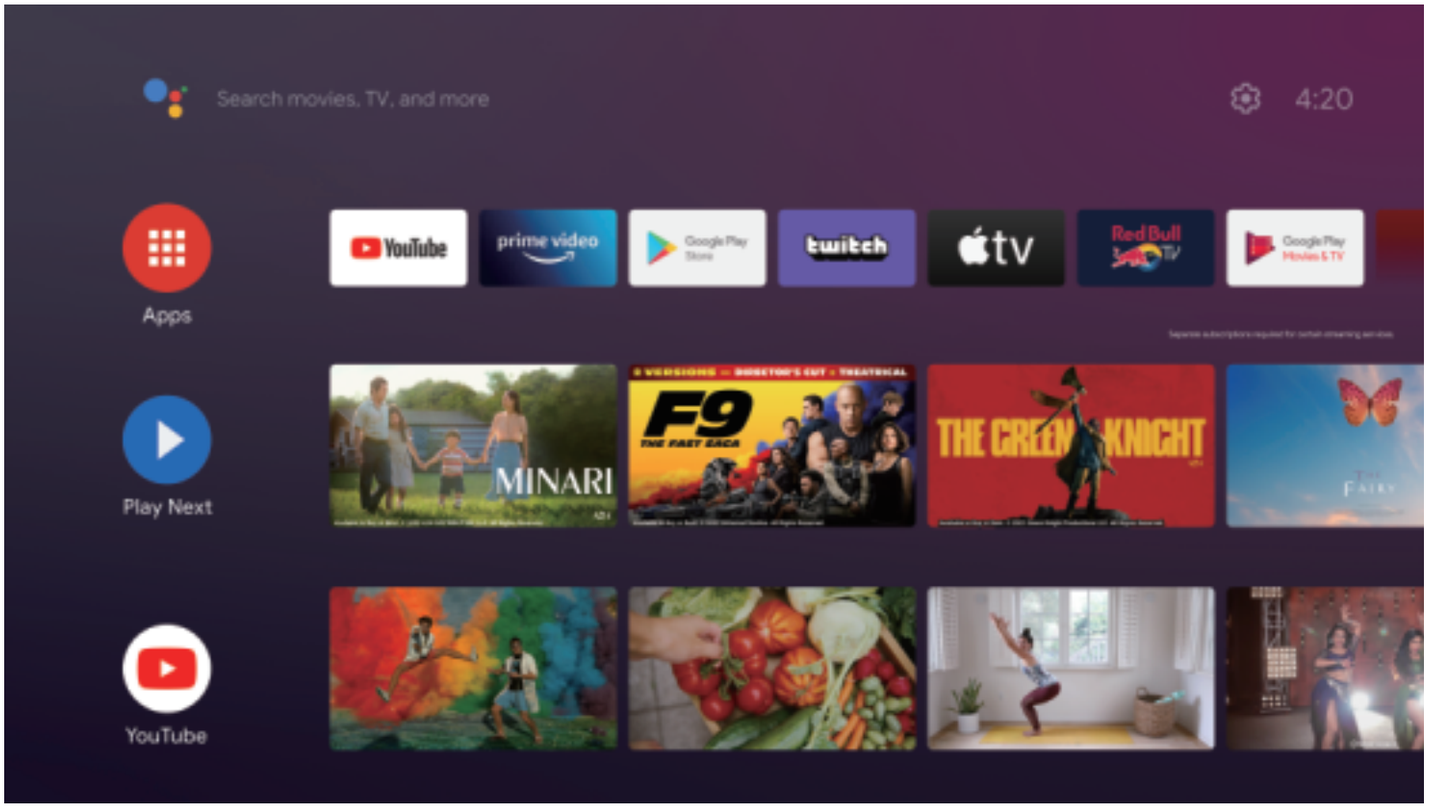

Complete the on-screen setup

Follow the on-screen instructions using your remote navigate through the setup process.

Android TV

Simplify your entertaiment experience with Android TV™. Discover 400,000+ movies and shows in one place. Find new favorites with voice search. And cast your photos, videos, and music devices to your TV easily with Chromecast built-in™.
