ProGear is a division of TraXion Engineered Products

ProGear

The PROFESSIONAL
Racing GearSeat

Assembly and Usage Instructions

The ProGear Racing GearSeat provides comfortable and productive access for many shop tasks. Large casters provide excellent mobility and the racing inspired seat is made of heavy-duty materials and hand-made craftsmanship.

The ProGear Racing GearSeat is a nice combination of great looks and extraordinary function.

517 South 28th Street; Van Buren, AR

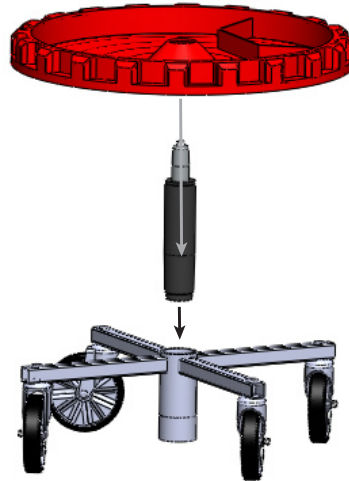

72956 T 479-474-3460 F 479-431-6875

Assembly

- 1 Using an allen key, attach four casters to the X-Frame using the four lock washers and barrel nuts.

- 2 Slide the pneumatic cylinder into the X-Frame drop sleeve. Slide the spinning Gear Tray onto the cylinder.

- 3

Slide the Racing Seat base onto the top of the pneumatic cylinder. Frame, cylinder and seat will all press fit together.

Usage

Adjusting the Racing Seat Height

While sitting on the seat pull up on the height adjustment lever to lower the seat height. To raise the seat lift your weight off the seat and pull up on the lever.
