

AN ENLIGHTENED WAY TO HYDRATE

POCKETABLE

Our Stow bottle goes where most hard bottles won't fit. Its soft material conforms to your pocket for easy access on the go and it rolls up and stows away when empty.

STOW™ 1L, 500ML

COMPRESSIBLE

Essential equipment for every adventurer, the compact and flexible Stash flattens for maximum room in your pack and expands for use.

STASH™ 1L, 750ML

COMPACT

The Flux stands upright like a hard bottle but when you finish your drink, this bottle packs down to pocket size for space saving storage.

FLUX™+ FILTER 1.5L
FLUX™ 1.5L, 1L, 750ML

RECYCLED

Made from 50% recycled plastic in both the bottle and cap, the RECON™ series was engineered to transform plastic waste..

RECON™ 1L, 750ML, 500ML

FLEXIBLE BOTTLES

POCKETABLE, COMPRESSIBLE & COMPACT

50% LIGHTER

Our flexible bottles are typically 50% lighter than most hard bottles and compress down for packability when empty.

MARKET OVERVIEW

- + HydraPak holds 44% of market share in the flexible bottle category.
- + The Stow 500ML is the #1 seller in the segment and sales have grown 100% over that past two years.
- + The Flux 1L and 1.5L have taken off over the past 12 months and are the fastest growing bottles in the segment.

750ML		\$21.00		G122

HARD-SIDED BOTTLES

RECYCLED PLASTIC BOTTLES

A CAP LIKE NO OTHER

We turned waste into innovation. The RECON™ features a unique cap that's like drinking from a glass. Minimally designed with only 2-parts, the cap and inner gasket separate for easy cleaning.

MARKET OVERVIEW

- + The U.S. Tritan outdoor bottle market rebounded strongly in 2021 growing 39% YOY and has grown 15%+ over the past two years.
- + HydraPak had record shipments of the RECON in February and March 2022 as momentum builds.
- + The RECON is the only bottle in the market where both the bottle and the cap are made from Tritan Renew with 50% recycled content.

*Recycled content is achieved through allocation of a third-party recycled plastic using a mass balance method.

RECON™

1L	MSRP \$18.00	BR02
750ML	MSRP \$17.00	BR01
500ML	MSRP \$16.00	BR03

RECON™ FLAT CAP

ONE SIZE	MSRP \$5.00	BR00

FLUX™

ULTRA-LIGHT REUSABLE BOTTLE

Flexible bottles get an upgrade. The redesigned Flux™ is shaped like a compact sized hard bottle, compresses like a soft flask, and cuts the un-filled bottle weight by 50 percent. Topped with a dust cover and twist-drink nozzle for grab-and-go hydration, plus a bail handle to keep hydration secure in your hand or on your pack. The Flux stands upright like a hard bottle but when you finish your drink, this bottle packs down to pocket size.

SPECS

Capacity	Weight	Dimensions	SKU
1.5 L / 50 fl oz	122 g / 4.3 oz	250 mm x 115 mm / 9.8 in x 4.5 in	GF425
1 L / 32 fl oz	102 g / 3.6 oz	230 mm x 90 mm / 9.1 in x 3.5 in	GF420
750 ml / 25 fl oz	92 g / 3.2 oz	200 mm x 85 mm / 7.9 in x 3.3 in	GF427
Materials			
TPU, POM			
Colors			
● Mammoth Grey ● Sutro Green			
● Tahoe Blue ● Redwood			

FEATURES

- HIGH FLOW NOZZLE** - Twist to Drink Nozzle drinks like that of a traditional wide mouth bottle but with more flow and less splash.
- DUST COVER** - Keeps dust off your drink nozzle. Quickly opens and closes the drink nozzle with one hand without any direct contact with dirty hands.
- FLEXIBLE BAIL HANDLE** - For comfortable carrying, quick attachment and securing the rolled up bottle when empty.
- FITS IN PACK POCKETS** - Designed to fit in pack pockets when full and to roll up when empty for space saving storage.
- LIGHTWEIGHT & COMPACT** - 50% lighter than a hard bottle and compresses down to pocket size when empty.

FLUX™+ FILTER

ULTRA-LIGHT REUSABLE BOTTLE + BUILT-IN FILTRATION

Access potable water anywhere. The Flux+ 1.5L sets a new standard for lightweight, fast and versatile backcountry water filtration. The integrated filter removes bacteria and protozoa from approximately 1,500 liters of water at a rate of >1L per minute. Roll or squeeze your Flux to filter into other camp containers or to directly drink freshly filtered water on the go.

1.5L + FILTER |

SPECS

Capacity	Weight	Dimensions	SKU
1.5 L / 50 fl oz	143 g / 5.0 oz	250 mm x 115 mm / 9.8 in x 4.5 in	GF425F
Materials		Color	
TPU, POM, ABS, Hollow Fiber, Silicone		Clear / HP Blue	

FEATURES

1. **COMPACT** - Uniquely shaped to be shorter, more stable and easier to fit in pack pockets than standard hard bottles. Rolls up when empty for space saving storage.

2. **FAST & SAFE FILTRATION** - The integrated filter removes Escherichia coli bacteria, Cryptosporidium parvum cysts, and Giardia Lamblia from approximately 1,500 liters of water at a rate of >1L per minute.

3. **DUST COVER & HIGH FLOW NOZZLE** - Keeps dust off your drink nozzle. Quickly opens and closes the drink nozzle with
- one hand without any direct contact with dirty hands.

4. **HIGH FLOW NOZZLE** - Twist to Drink Nozzle drinks like that of a traditional wide mouth bottle but with more flow and less splash.

5. **FITS IN PACK POCKETS** - Designed to fit in pack pockets when full and to roll up when empty for space saving storage.

6. **FLEXIBLE BAIL HANDLE** - For comfortable carrying, quick attachment and filling in a lake or river.

STOW™

PORTABLE POCKET-SIZED HYDRATION

Fill. Drink. Pack. Repeat. With durable construction and minimal design for easy packing, the flexible Stow™ helps make all your adventures the best they can be. An easy-open flip cap cover protects the spill-proof nozzle when not in use, bail handle for comfortable carrying and attachment, and a weight 50% lighter than most hard bottles, and you've got a perfectly pocketable bottle.

SPECS

Capacity	Weight	Dimensions	SKU
1 L / 32 fl oz	57 g / 2.0 oz	230 mm x 130 mm / 9.0 in x 5.1 in	GS330
500 ml / 17 fl oz	45 g / 1.6 oz	175 mm x 102 mm / 6.8 in x 4.0 in	GS335
Materials TPU, PP, Silicone		Colors ● Mammoth Grey ● Sutro Green ● Tahoe Blue ● Redwood	

FEATURES

- POCKET SIZED** - Goes where most hard bottles won't fit, soft material conforms to your pocket and eliminates that hard bottle bounce.
- PACKABLE** - Minimal design and durable construction allows you to flatten and roll when empty and stow into bail handle.
- FILTER COMPATIBLE** - Attaches to most 28MM threaded water filters, including the new HydraPak 28MM Inline Filter.
- FLIP TOP CAP** - Made for drinking during activity with an easy open cap cover and self sealing silicone nozzle.
- EASY TO CARRY** - Flexible bail handle for comfortable carrying, quick attachment and filling in a lake or river.
- INTERNAL BAFFLE** - Adds structure, makes it easier to hold, and provides a slim profile when full. Available on Stow 1L only.

STASH™

PORTABLE ON-THE-GO HYDRATION

Welcome to utility and design in harmony. Essential equipment for every adventurer, the Stash flattens for maximum room in your pack and expands for use on the trail. It's compact, flexible and 50% lighter than a hard bottle. Construction with purpose.

750ML | ● ●

SPECS

Capacity	Weight	Dimensions	SKU
1 L / 32 fl oz	107 g / 3.7 oz	210 mm x 100 mm / 8.2 in x 3.9 in	G121
750 ml / 25 fl oz	84 g / 2.9 oz	195 mm x 92 mm / 7.6 in x 3.6 in	G122
Materials TPU, PP, Silicone		Colors ● Mammoth Grey ● Malibu Blue	

FEATURES

- 1. PACKABLE** - Twist to collapse down to 1/4 of its filled size when empty, minimizing the space it takes up in your pack.
- 2. LIGHTWEIGHT** - 50% lighter than most hard bottles - compact and convenient.
- 3. COMFORTABLE FIT** - Soft walls won't give you that hard bottle bounce, fits in pack bottle sleeves.
- 4. EASY TO CARRY** - Flexible bail handle for comfortable carrying, quick attachment and filling in a lake or river.
- 5. FILTER COMPATIBLE** - Compatible with most 42MM (750ML) and 63MM (1L) threaded water filters.
- 6. WIDE MOUTH** - Large 42MM (750ML) and wide 63MM (1L) opening makes it easy to fill and clean.

RECON™

ECO-FRIENDLY HYDRATION

Start a revolution in your backpack. Vividly clear, virtually indestructible, and made from 50% recycled content.* RECON was born out of our collective belief that great gear for the trail can and should be lower impact on the environment. An enlightened way to hydrate.

SPECS

Capacity	Weight	Dimensions	SKU
1 L / 32 fl oz	200 g / 7 oz	267 mm x 76 mm / 10.5 in x 3 in	BR03
750 ml / 25 fl oz	178 g / 6.3 oz	230 mm x 72 mm / 9.1 in x 2.8 in	BR01
500 ml / 17 fl oz	143 g / 5 oz	195 mm x 72 mm / 7.7 in x 2.8 in	BR02
Materials	Colors		
Tritan® Copolyester Renew (50%), Silicone, TPU	Black & White Evergreen & Lime Iris & Violet Navy & Cyan Confetti		

FEATURES

- 50% RECYCLED CONTENT*** - Cap and bottle made clear using Tritan® Renew™ material - impact, stain and odor resistant. *
- SMOOTH FLOW TWIST CAP** - 180° turn delivers the perfect flow rate for a glasslike drinking experience, twist back to close for leakproof transport.
 - TO DRINK** - Align the colored indicator on cap, with matching colored indicator on bottle for smooth drink-through experience.
 - TO CLOSE** - Twist cap half rotation clockwise until tight, creating a leak-proof seal
- SLENDER BOTTLE SHAPE** - Designed to fit in your backpack pocket, but versatile enough for everyday use - fits in most cup holders.
 - EASY TO CLEAN** - Pull and remove inner gasket from cap to clean, reassemble after cleaning - cap and bottle are dishwasher safe, top shelf recommended.
 - EASTMAN™ TRITAN RENEW™** - 50% certified recycled content comes from a variety of sources with PET single use bottles being the primary source.

*Recycled content is achieved through allocation of a third-party recycled plastic using a mass balance method.
