EPA Reg. No. 10324-85-ZC-1130

PRODUCT REGISTRATION

Dear Registrant:

Effective April 14, 2022, the Department of Pesticide Regulation (DPR) registered the above product(s). This registration action is based on compliance with provisions of California laws and regulations pertaining to pesticide registration. Enclosed you will find a certificate of registration (license) and a stamp-accepted copy of the product label(s).

Pursuant to California Food and Agricultural Code (FAC) sections 12881-12882, a product may be considered misbranded if the company's website contains false or misleading information. Additionally, FAC section 12992 states it is unlawful for any person to sell any adulterated or misbranded pesticide. If you add/retain a reference to the company's website on the label, please be aware that the website is considered part of the product labeling and may be subject to review by DPR. Claims made on the website may not differ from claims accepted through the registration process. If DPR finds that a website contains false statements, misleading statements, or claims differing from the accepted label claims, the unlawful website claims may be subject to an enforcement action.

is authorized to manufacture, deliver or sell in California the products listed below. Registration is not an endorsement of approval by the Department of Pesticide Regulation of any product or any claim made for it. No reference may be made to the California Department of Pesticide Regulation in labeling or advertisements. Registration may be canceled after hearing at any time for just cause. The composition of each product and the label on it must be the same as those submitted by the registrant. Only pesticides and devices with market labels accepted by the Director may be sold in California. Master labels, which are not accepted by the Director for distribution, cannot be used on pesticides sold in California.

A CERTIFICATE OF REGISTRATION FOR PESTICIDES IS NOT TRANSFERABLE. IF THERE IS A CHANGE IN BUSINESS OWNERSHIP, A NEW APPLICATION AND FEE(S) ARE NECESSARY.

NON-FOOD CONTACT SANITIZING PERFORMANCE: This product is an effective one-step sanitizer in 3 minutes on hard, non-porous surfaces with 5% soil: *Staphylococcus aureus*, *Klebsiella pneumoniae*

DISINFECTION PERFORMANCE: This product kills the following bacteria in 10 minutes on hard, non-porous surfaces with 5% soil: *Escherichia coli*, *Salmonella enterica*, *Staphylococcus aureus*, *Streptococcus pyogenes*, *Pseudomonas aeruginosa*.

VRUCIDAL PERFORMANCE: This product kills the following viruses in 10 minutes on hard, non-porous surfaces with 5% soil: Human Coronavirus, Influenza A (H1N1) Virus, Respiratory Syncytial Virus, SARS-CoV-2 (COVID-19 virus).

FUNGICIDAL PERFORMANCE: This product kills the following fungi in 10 minutes on hard, non-porous surfaces with 5% soil: *Trichophyton interdigitale*

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before using this product, food products and packaging materials must be removed from the room or carefully protected.

FOR USE AS A GENERAL DISINFECTANT, VRUCIDE: 1. Pre-clean visibly soiled areas. 2. Apply this product to disinfected hard, non-porous, non-food contact surfaces with a sponge, brush, cloth, hand pump trigger spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. 3. Treated surfaces must remain visibly wet for 10 minutes. 4. Wipe dry or allow to air dry. 5. Change solution when visibly dirty.

NON-FOOD CONTACT SURFACE SANITIZING DIRECTIONS:

NON-FOOD CONTACT SURFACE SANITIZING: Pre-clean visibly soiled surfaces. Apply product to hard, non-porous surfaces with a sponge, brush, cloth, hand pump trigger spray device. For spray applications, spray 6-8 inches from surface. Do not breathe spray. Treated surfaces must remain visibly wet for 3 minutes. Change solution when visibly dirty.

CLEAN/DISINFECT/DEODORIZE HARD, NON-POROUS NON-FOOD CONTACT SURFACES: Pre-clean visibly soiled areas. Apply this product to hard, non-porous, non-food contact surfaces with a brush, cloth, sponge, hand pump trigger spray device. For spray applications, hold container 6 to 8 inches from surface. Do not breathe spray. For disinfection, treated surfaces must remain visibly wet for 10 minutes. Wipe up excess liquid or allow to air dry. Change solution when visibly dirty.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store only in original container. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. **PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Offer for recycling if available or place in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through the skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and freshwater aquatic invertebrates.

FIRST AID: In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **IF ON SKIN:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF SWALLOWED:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice.
