

How to Install the Basketball Hoop

Step 1. Connect the two stands.

Hold the two stands like 1 (pls pay attention to the stand direction). Then join together the two stands and pull the two stands toward the reverse direction like 2 .

Step 2. Adjust the stand height.

Press the button of the 1st hole on the stand like 3 . Then pull the inside stand outwards until the button gets stuck in the 2nd hole with a click sound like 4 5 .

Step 3. Connect backboard and base like 6 .

Step 4. Connect three small foot pads like 7 .
