LAPTOP DESK FOR BED

Specifications

Use Instructions

1.Put the stopper into the groove.

2.Open the legs.

Use Instructions

3.Press the buttons and respectively adjust the height of the 2 legs.

4.Open the buckles and adjust the tilt angle of the desktop.

Warnings

- 1.The table legs support up to 88lbs / 40kg and the storage slot up to 4.4lbs / 2kg.
Please do NOT overweight the desk.
- 2.The desktop fits up to 17" laptop and 12.9" tablet.
- 3.Please do NOT grab the joints of the legs to open / fold the legs in case of getting clamped.
- 4.Close the buckle after you have adjusted the tilt angle.
- 5.Please do NOT scratch the PVC leather desktop with sharp items.
- 6.If you want to fold the legs, always remember to adjust the tilt angle to 0° and adjust the legs to the shortest height first.
- 7.Always keep the desktop clean and dry.
