

Luminox G Collection

SWISS + MADE

2022

Introducing, the Luminox G Collection

A collection of durable and rugged Swiss made watches designed for everyday wear at an attractive price point. Available in a range of styles offering case sizes from 43-45mm, mineral crystal, CARBONOX™, and Stainless Steel, Luminox G has it all.

Its proven Luminox Light Technology lighting system guarantees self-powered readability in the night. "Always Visible" for up to 25 years.

**ALWAYS
VISIBLE**
CONSTANT GLOW
FOR UP TO 25 YEARS

Luminox Light Technology (LLT)

All Luminox watches feature a self-powered illumination system employing tiny micro gas light sources. This Swiss technology guarantees unsurpassed ability to read the time, 24 hours a day, 7 days a week, for up to 25 years. Each watch has micro gas lights mounted on the hands, dial, and, when necessary, also on the bezel.

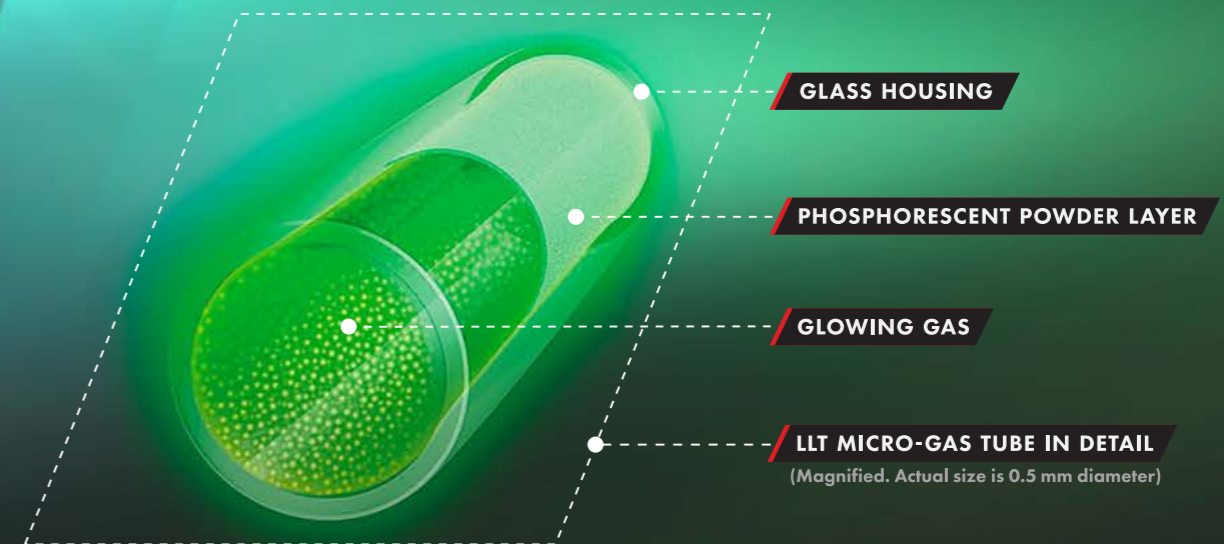

This technology does not depend on an external light source to "charge" fluorescent paint on the dial or hands in order to glow, nor do Luminox watches require the push of a button to light up as do watches with electroluminescence.

Luminox Light Technology

- › SELF-POWERED ILLUMINATION SYSTEM
- › CONSTANT GLOW FOR UP TO 25 YEARS
- › WATER AND SHOCK RESISTANT
- › SWISS MADE

Super-LumiNova

- › LIGHT POWERED ILLUMINATION SYSTEM
