*Any problems such as damaged during shipment, missing screws or installation problems, please contact us via email support@pationage.com.

1

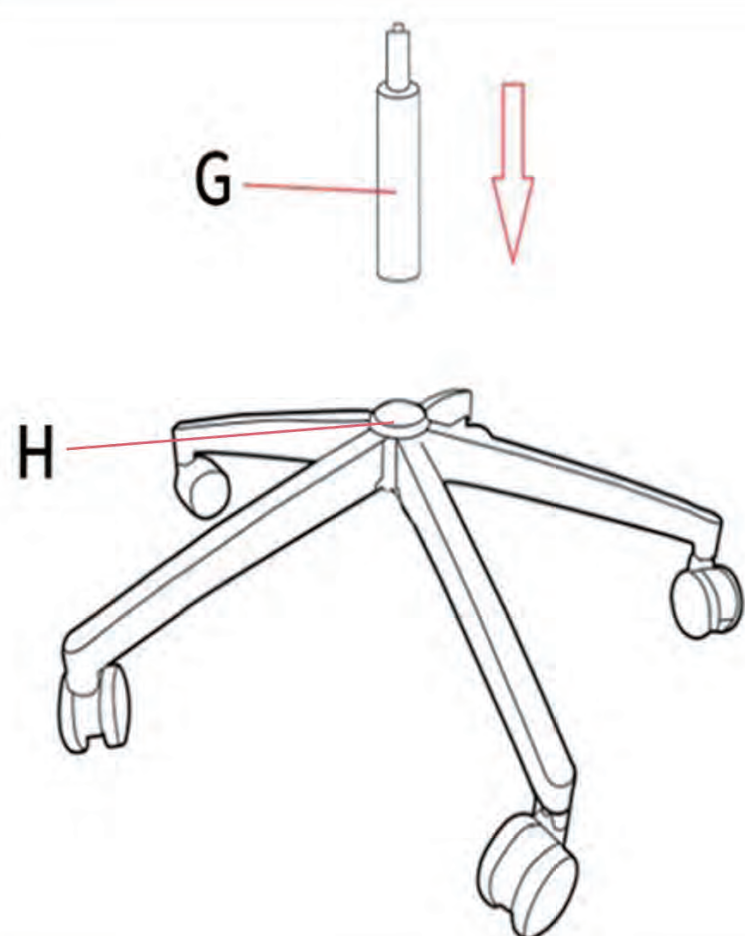

Attach base legs (M) to chair base (H) using 5 pcs M6*16(L) screws and tighten with Allen Wrench (J).

2

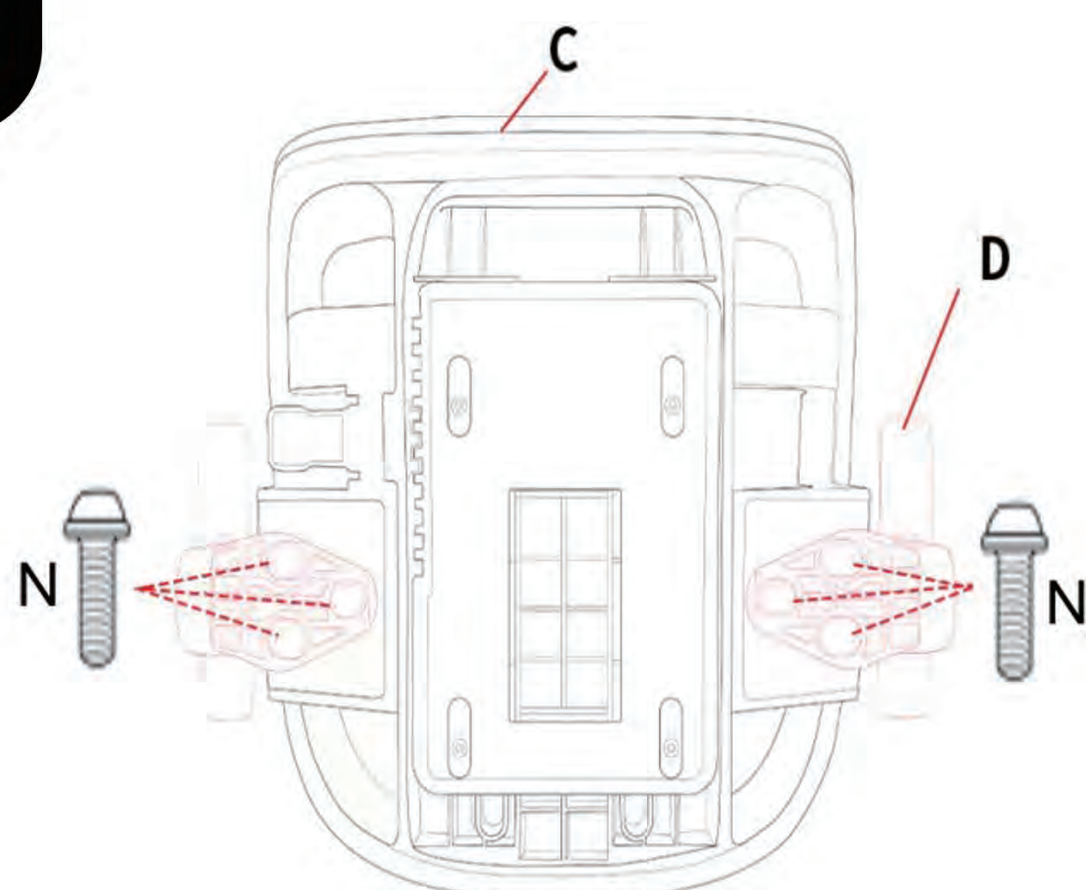

Insert 5 wheels(I) into slot of the base leg(M) and place the base upwards and then put the dust caps(Q) to the base(H).

3

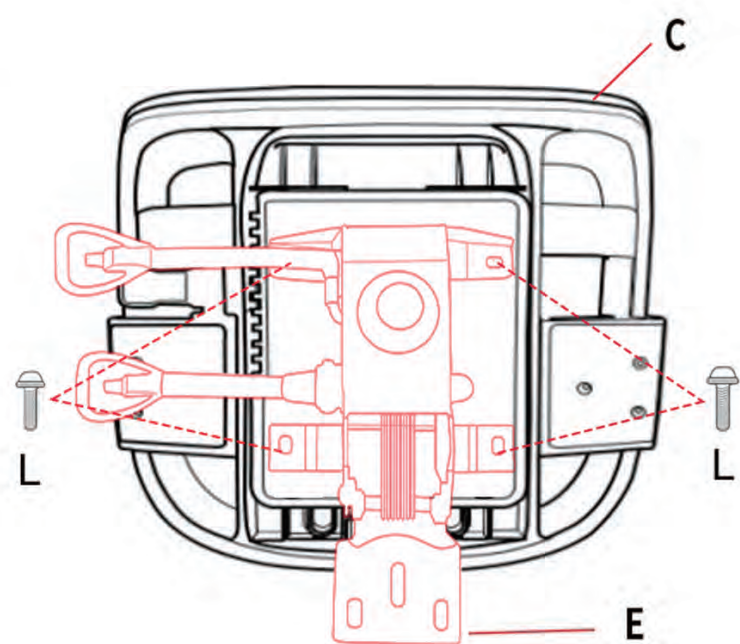

Install gas lift(G) to the five-star base(H).

4

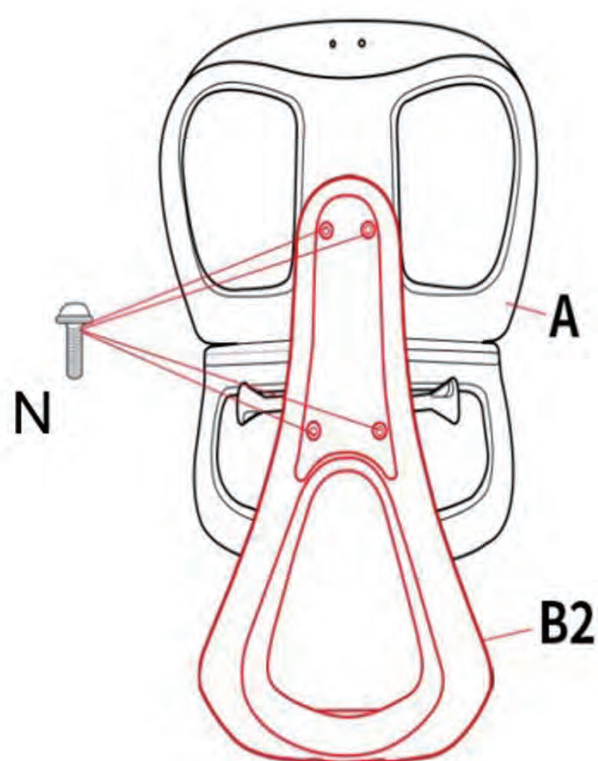

Attach the armrests (D) to the seat(C) with the 6 screws M6*30 (N).
Tips: The left and right armrests are distinguished by the mark (L/R) on the armrests.

5

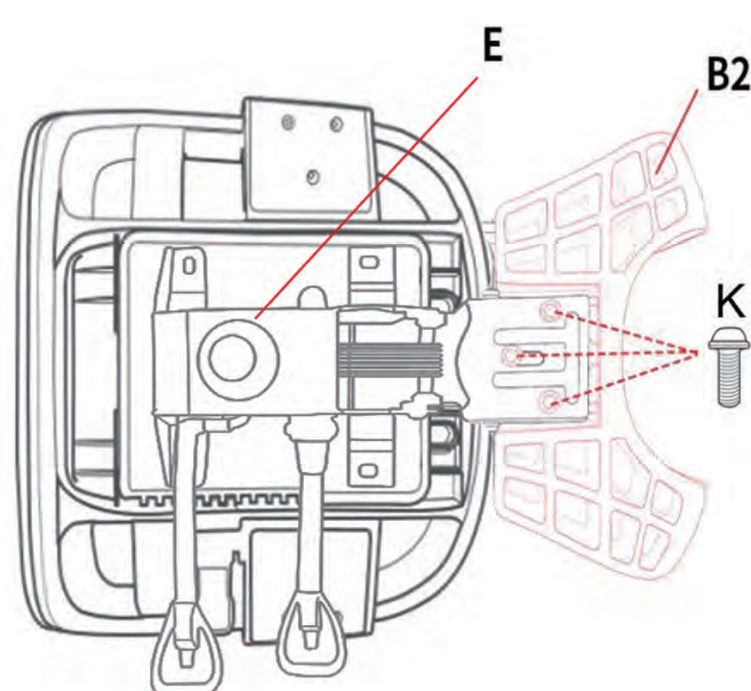

Attach the mechanism (E) to the seat (C) with 4pcs screws M6*16 (L)
 Tips: DO NOT tighten screws completely until all the screws are fixed in the correct position.

6

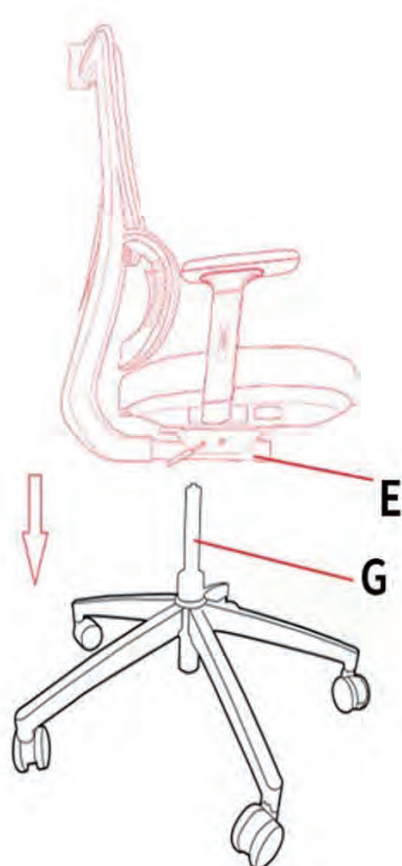

Connect the Backrest(A) with the Fixing Block(B2) by 4pcs screws M6*30(N), then tighten the screws.

7

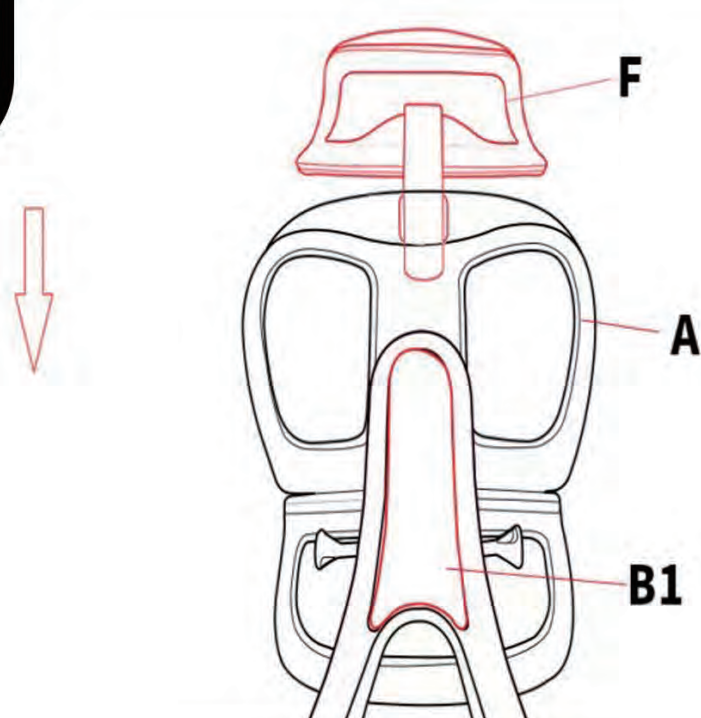

Attach the Backrest (A) to the seat (C) with 3pcs screws M8*25(K).

8

Place the seat (C) on the gas lift.

9

Insert the headrest (F) to the backrest (A), and check the chair and make sure all parts and screws securely tightened. Finally attach the B1(fixing block) to the B2.

Headrest Adjustment:
Adjust the height & angle of the
headrest

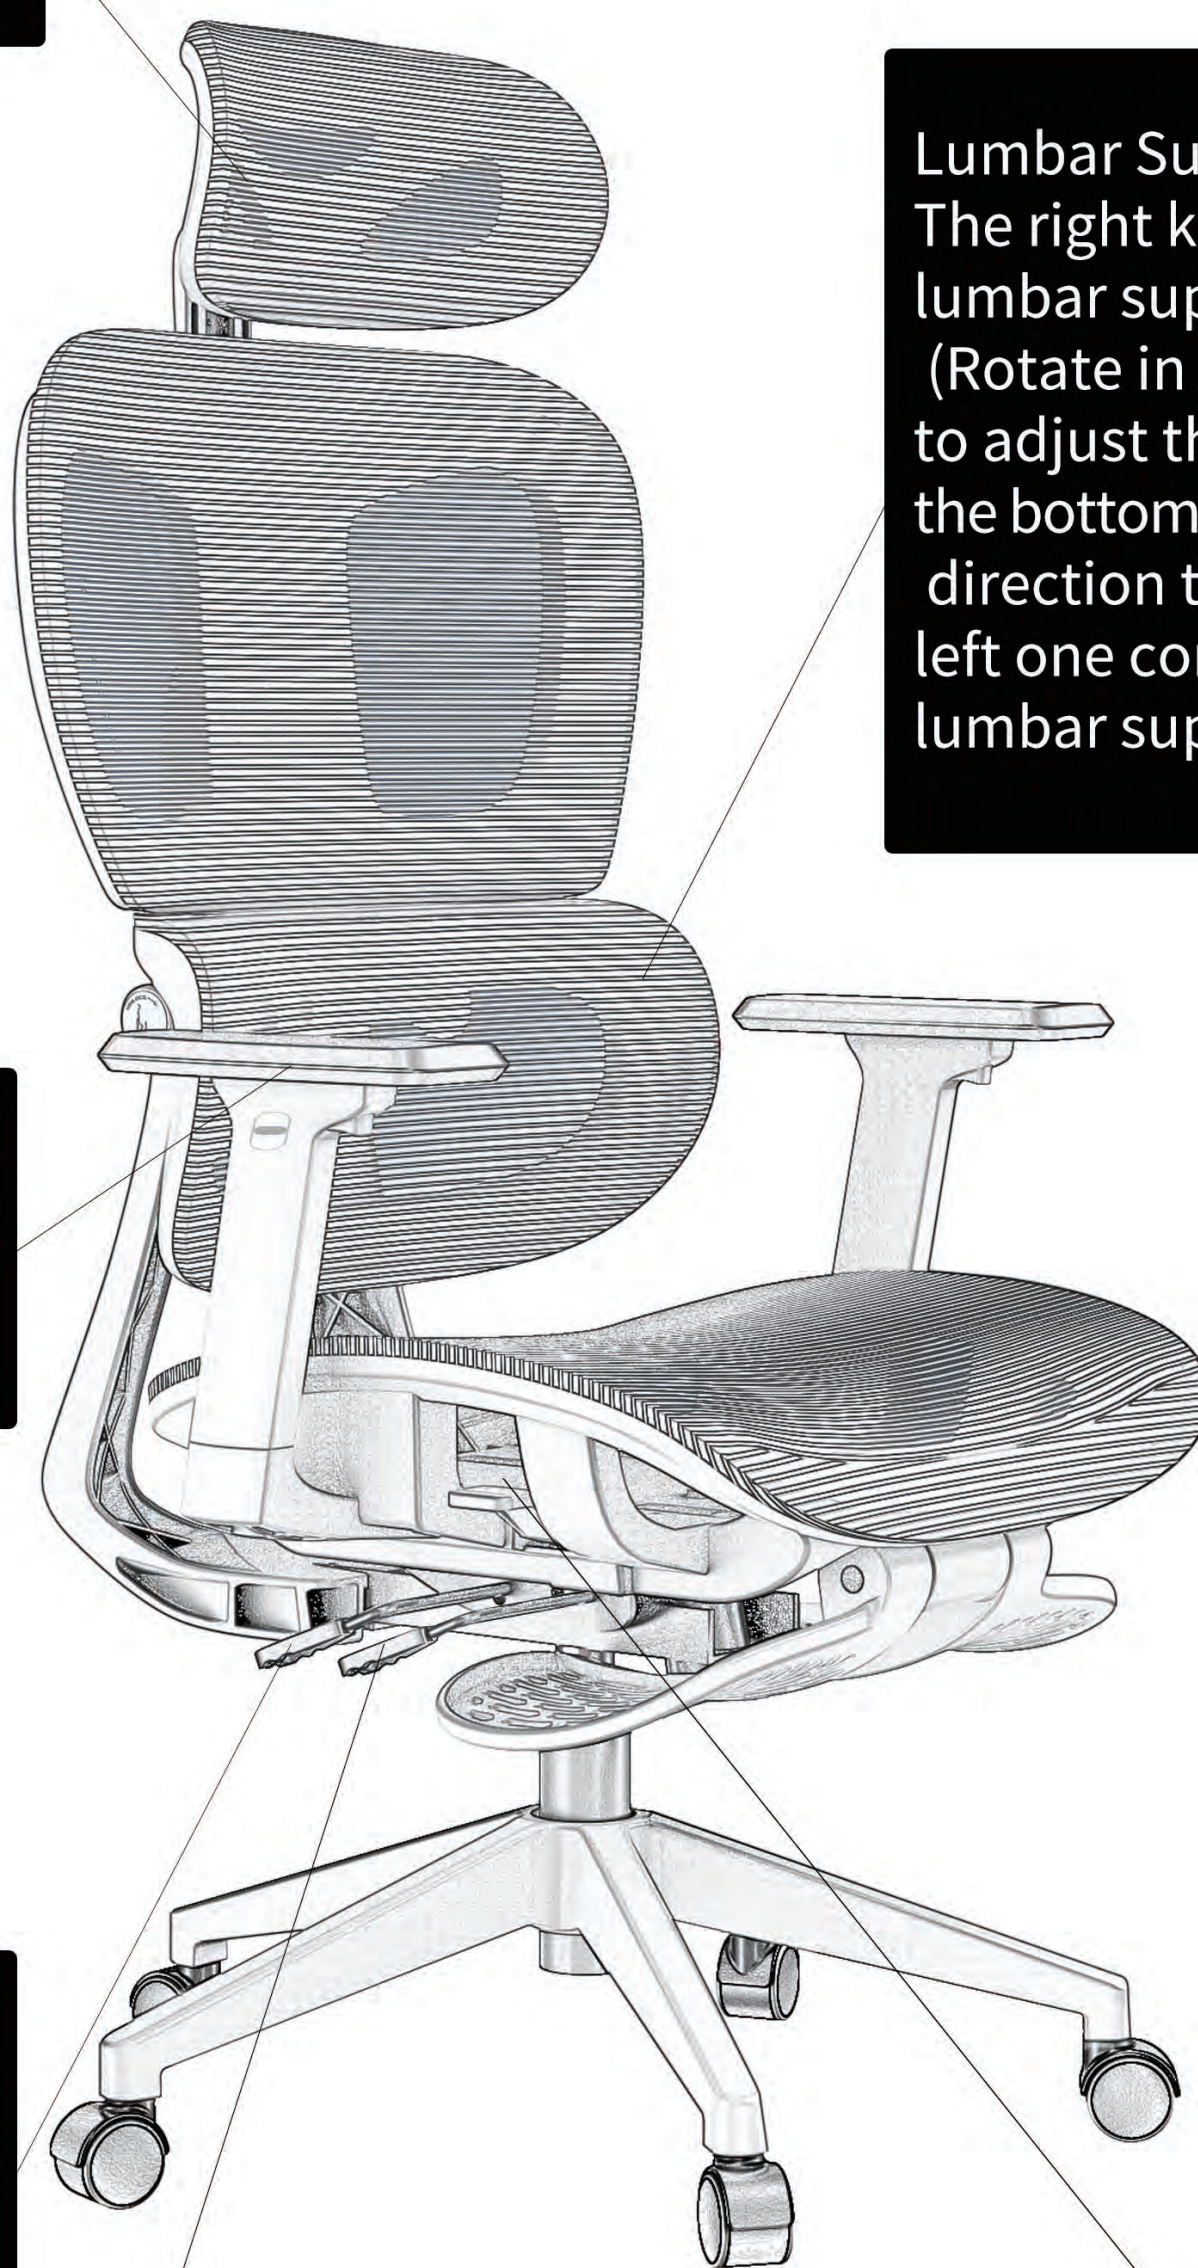

Lumbar Support Adjustment:
The right knob controls the
lumbar support up and down.
(Rotate in a clockwise direction
to adjust the height, rotate to
the bottom in a counterclockwise
direction to fix the height). The
left one controls the angle of the
lumbar support(Back/front).

Armrests Height Adjustment:
Can move forward and
backward, left and right,
up and down.

Reclining Adjustment:
Pulling out the hand lever
and allows the chair back to
tilt, pushing the hand lever
back to lock up.

Chair Height Adjustment:
Pressing down the hand lever.
Lower or raise the seat to your
desired height, then release
the lever to lock the seat
height into position.

Seat Depth Adjustment: Pulling
it up and don't loosen it and
then move the seat cushion
forward and backward.
Tips: DO NOT operate it when
you sit on the seat cushion!

PatioMage offer **1-year** warranty.

Free replacement for shipping damaged or missing parts.

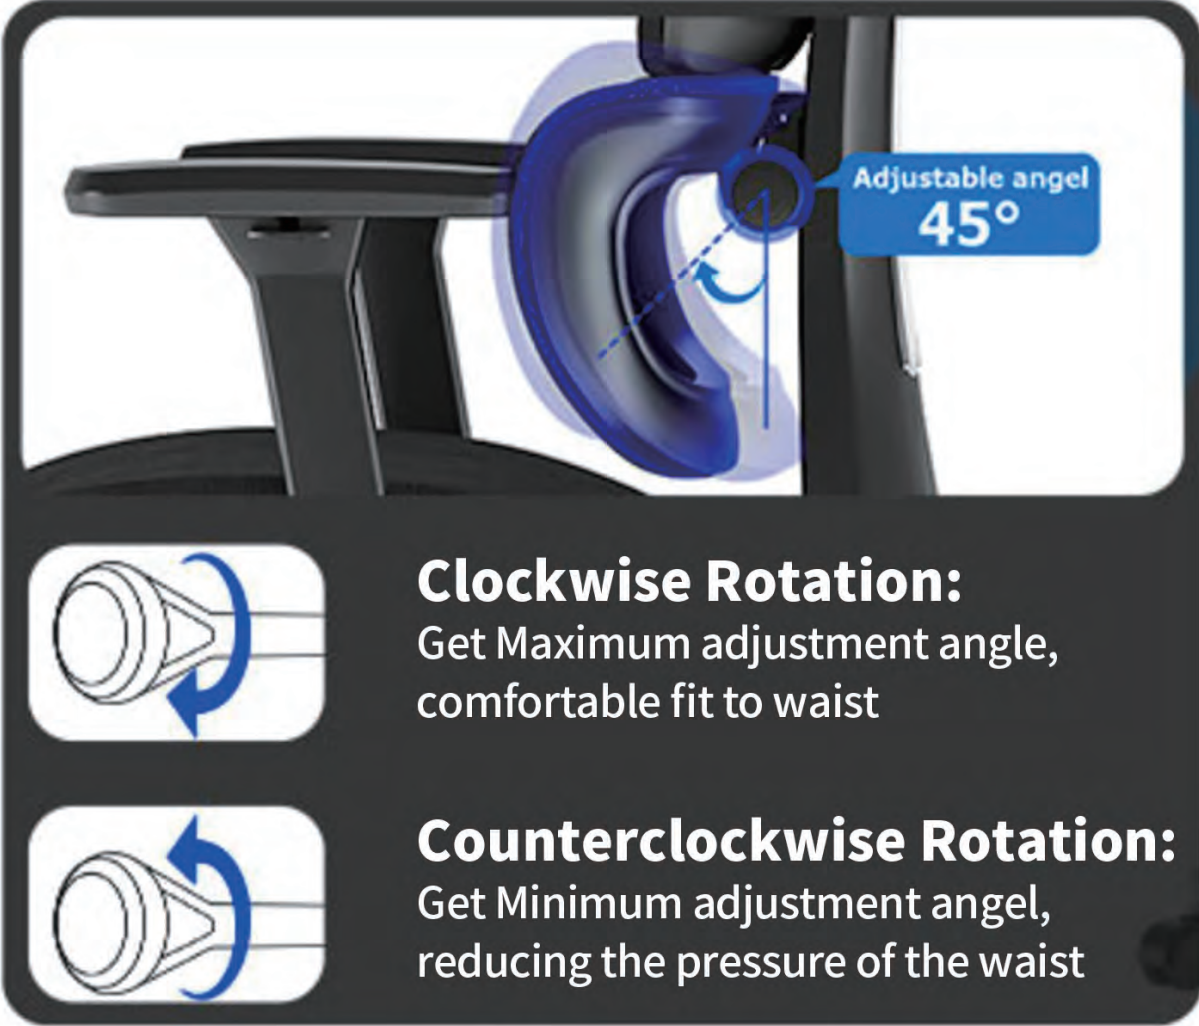

LUMBAR SUPPORT ADJUSTMENT

① Find the 2 knobs on the back of the chair.
The **LEFT** knob controls the angle of lumbar support.
The **RIGHT** knob controls the height of lumbar support.

② Twist the **RIGHT** knob to adjust the height of lumbar support.

③ Twist the **LEFT** knob to adjust the angle of lumbar support.

SEAT DEPTH ADJUSTMENT

① Find the button under the chair.

② Press and hold the button.
Then you can pull forward & backward the cushion.

③ Loosen the button when finding the best position.

Dear friend,
