

About Us – Over 30 Years of Experience

Since its establishment in 1988, Barkan Mounts has specialized in enriching the customer's Home Entertainment experience through the development, manufacturing and marketing of patented superior mounting solutions for TVs, tablets, smartphones, computer monitors and other media devices.

Our product range also includes other consumer electronic accessories such as HDTV indoor antennas, HDMI cables and more.

The knowledge and experience gathered over the years has been the backbone of our success.

Barkan's Global Presence – 39 Countries

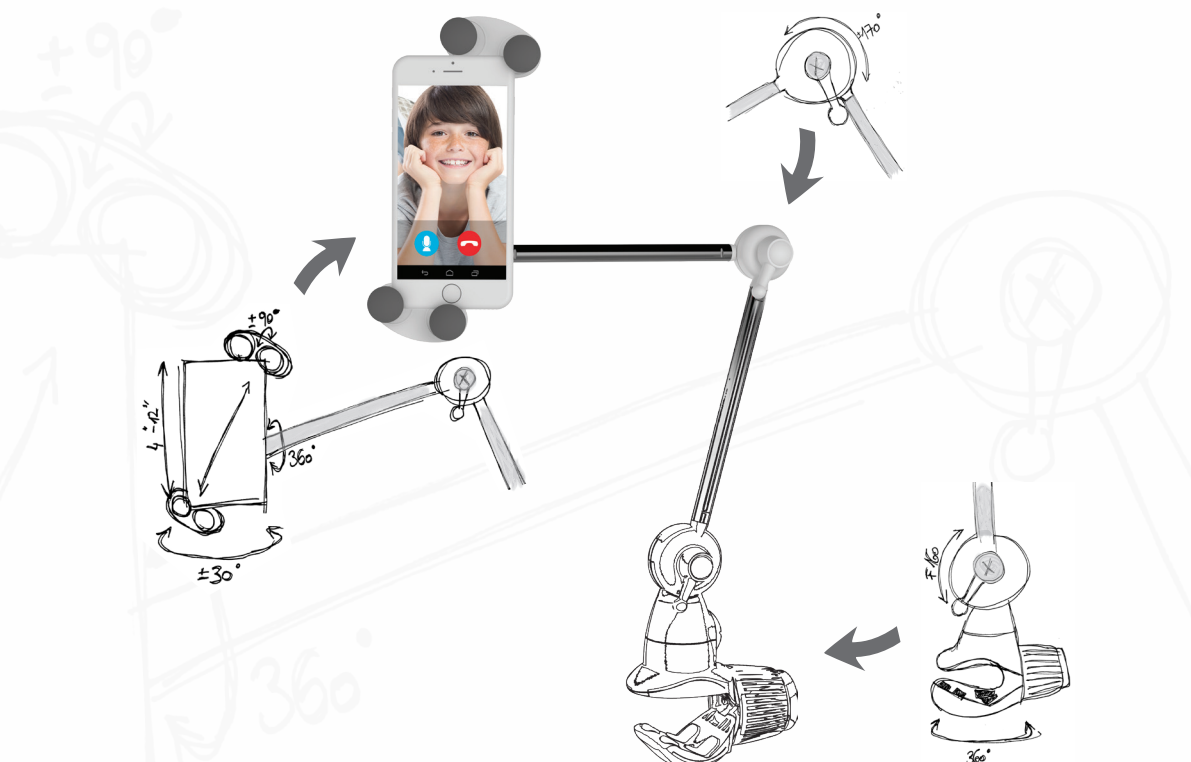

In-House R&D and Design Process

Our innovative engineers create unique products.

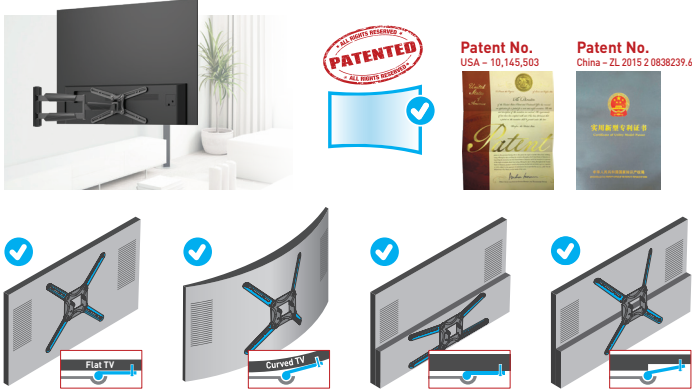

Our professional industrial designers ensure that Barkan products are efficient and modern.

We believe that investing significant efforts into this process is what enables our products to have the **greatest value for money** in the market.
