Govee Galaxy Light Projector 2 Pro

IMPORTANT SAFETY INSTRUCTIONS

When using products, basic precautions should always be practiced including the following:

Read and follow all the safety instructions:

- The product contains laser components. Avoid looking directly at the laser dot which might cause damage to your eyes.
- Do not allow children to install and use this product alone.
- The product is not waterproof. Do not expose it to areas susceptible to water splashes or water drops.
- The internal light sources cannot be replaced. If it breaks, the product should be replaced.
- Do not disassemble or modify the device and its accessories.
- Avoid installing the device near potentially dangerous sources or heat sources (e.g., candles, liquid-filled objects.)
- The working temperature should be between 14 to 95°F (-10 to 35°C).
- Store the product in places where the temperature is within -4 to 95°F (-20 to 60°C) if you do not plan to use it for a long time.
- CAUTION-The product is not a toy. Children and the disabled should use it under adult supervision.

SAVE THESE INSTRUCTIONS

Introduction

Thank you for choosing Govee Galaxy Light Projector. This product is suitable for bedrooms and living rooms. You can use it before going to sleep, when listening to music, watching movies, and in other scenarios where you need to put yourself in a relaxing mood. The projection on the ceiling and wall creates a relaxing and peaceful atmosphere. This product grounds you in reality but adds a layer of immersion to provide you with a visual feast of light and sound combined.

How to Use

For the first use, place one disc in the tray. We have prepared 8 discs for you, which can be replaced as needed.

Buttons	Instructions
Power 	Press to turn off the light and the white noise. Tips: The sound will not be turned off automatically by default when you turn on the device. If you want to adjust it, you can go to the Device Settings page to turn the "Silent Power-Up" switch off.
Scene Switching 	Press to change the scene. Tips: Enter the Device Settings page in Govee Home App. Tap "PresetFeatures" to manage the scenes.
Brightness+ 	Press to increase the brightness.
Play/Pause 	Press to play or pause the white noise or the audio from the Bluetooth speaker. Long press and the device will enter the Bluetooth speaker pairing mode or unpair the current Bluetooth speaker. Tips: Enter the Device Settings page in Govee Home App and check the guide for Bluetooth speaker.

Pairing Your Device with Govee Home App

What You Need:

- A Wi-Fi router supporting the 2.4GHz and 802.11b/g/n bands. 5GHz is not supported.
1. Download Govee Home App from the App Store (iOS) or Google Play (Android). Log in with your account(new users need to create an account).
 2. Turn on the Bluetooth on your smartphone.
 3. Open the app, tap the “+” icon in the top right corner and search for “H609D”.
 4. Tap the device icon and follow the on-screen instructions to complete pairing.

Pairing with the Bluetooth Speaker

1. Turn on your smartphone's Bluetooth.
2. Long press the “▶||” button on the device or enable Bluetooth Pairing in the Device Settings page in Govee Home App to allow the projector to enter the Bluetooth speaker pairing mode. The device will start to play the pairing sound.

3. Find “Govee Projector_ xxxx” in the list of Bluetooth devices on your phone and tap it. If the pairing failed, please try again.
4. You can check the Bluetooth speaker connection in the list of Bluetooth connections on your phone or in the Device Settings page in Govee Home App.
Tips: You can turn the pairing sound on or off in Settings-Bluetooth Speaker.

Adapter Input	AC 100-240V 50/60Hz
Lamp Input	5VDC 3A
Control Method	Govee Home, Function Buttons, Voice Control
Working Temperature	-10°C-35°C / 14°F-95°F

Troubleshooting

1. **Cannot connect to Govee Home App.**
 - a. Check if the lamp has been powered on.
 - b. Check if your smartphone's Bluetooth has been turned on or try connecting the lamp to another smartphone.
 - c. Ensure that your smartphone is near the lamp when connecting for the first time.
 - d. If the problem persists, go to “My Devices” page to delete the device and follow the previous instruction to reconnect.

2. Cannot connect to Wi-Fi.

- a. Check if the lamp has been powered on.
- b. Do not skip connecting to Wi-Fi during the pairing process.
- c. Ensure that your Wi-Fi router is 2.4GHz capable (5GHz is not supported).
- d. Ensure that you entered the correct Wi-Fi password during the Wi-Fi connection process.
- e. Shorten the distance between the device and the Wi-Fi router to less than 50ft, then try reconnecting.
- f. Use another smartphone to pair with the device to check if your Wi-Fi network is working.

3. Cannot pair or connect with Alexa or Google Assistant.

- a. Ensure that the Wi-Fi connection is stable.
- b. Go to the app Settings page and follow the instructions under "User Guide" to pair the device again.
